Back Stairs: 'Lame Duck' Standing

By WILLIAM J. EATON

Augusta, Ga. – (UPI) – Back stairs at the vacation White House:

President Eisenhower's aides are joking about their "lame-duck" standing. The career men on the White House staff and Secret Service agents here are speculating on how life will be under president-elect Kennedy's administration.

Air Force Col. William Draper, presidential pilot, needled press secretary James C. Hagerty in post-election conversation.

"Well, what do we do next, Pierre?" Draper asked in a jesting reference to Kennedy's press spokesman, Pierre Salinger.

Hagerty had a quick comeback. "That's none of your affair, Lieutenant Draper," he replied.

• • •

The Kennedys' three-year-old daughter, Caroline, and their expected baby have revived talk among the Secret Service of the "diaper detail" which will be assigned to guard the children.

The gag among the agents is that their theme song soon will be "can't you hear me calling, Caroline?"

The Kennedy clan's preference for touch football may provide a new sightseeing attraction at the White House to replace the President's practice putting on the backyard green.

Reporters who know the high-spirited family of the new chief executive also predict the White House swimming pool will be turned into a water polo arena. The Kennedy women, it is said, play a rough game.

• • •

One hazard of the President's sporting life will be removed for the Secret Servicemen, however. The agents are grateful that Kennedy has shown no interest in golf. When the President's son, John Eisenhower, is on the golf course with his father, the agents say they keep a sharp eye peeled for stray shots.

This is Eisenhower's 27th visit to Augusta and his 34th trip to Georgia since he was elected in 1952. Observers believe that only Pennsylvania—site of his Gettysburg home, and Maryland, home of the Burning Tree Golf club—have been more favored. It's an odds-on bet that the President will make additional trips here after he leaves office to take advantage of his membership in the exclusive Augusta National club.

That if any person claiming or asserting under, or by virtue of, any unpatented mining claim located prior to July 23, 1955, any right, title, or interest in the vegetative surface resources and other surface resources, under such mining claim, contrary to or in conflict with the limitations or restrictions specified in section 4 of said act, as to the above-described lands or any part thereof, shall fail to file in the Land Office of the Bureau of Land Management at 809 N.E. 6th Avenue, Portland 12, Oregon, and within 150 days from the below-stated date of first publication of this Notice, a verified statement which shall set forth as to such mining claims:

(1) The date of location;

(2) The book and page of recordation of the notice or certificate of location;

(3) The section or sections of the public land surveys which embrace such mining claim; or if such lands are unsurveyed either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument;

(4) Whether such claimant is a locator or purchaser under such location; and

(5) The name and address of such claimant and names and addresses so far as known to the claimant of any other person or persons claiming any interest or interests in or under such unpatented mining claim; such failure shall be conclusively deemed (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of the Act of July 23, 1955 (69 Stat. 367), as to unpatented claims located after that date, and (ii) to constitute a consent by such mining claimant that such unpatented mining claim shall be subject to said limitations and restrictions, and (iii) to preclude thereafter prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with said limitations or restrictions. Section 4 provides, generally, that unpatented mining claims located after July 23, 1955 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims located after July 23, 1955 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims will be subject to the right of the United States to manage and dispose of the vegetative surface resources thereof and to manage other surface resources thereof; and that, except to the extent required for mining operations and uses reasonably incident thereto or to provide clearance for such operations or uses, claimants of such claims shall not use or dispose of vegetative or other surface resources thereof; and that, except for clearance for such purposes, any permitted severance or removal of timber must be in accordance with sound principles of forest management. Said section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with the prospecting, mining, processing or reasonably incident uses by the mining claimant.
