Entries Received For Talent Show

Several entries already have been received for auditions for the Disabled American Veterans amateur talent tournament, Patrick G. Graham, Medford, chairman of the contest, has announced.

Entries have been received for dance acts, vocal and instrumental numbers, acrobatic and magician acts, he said.

Auditions will be held at the Veterans administration domiciliary theater at White City Friday, Nov. 25. The tournament is scheduled at Medford High school auditorium Friday, Dec. 9.

Graham said any person who is not 18 years old and who has performed as a professional is eligible to enter. Persons interested in entering may contact Graham at Spring 2-4192, or at 175 Jeanette st., Medford.

Cash prizes will be awarded winners in various categories. The event is sponsored annually by the local DAV chapter.

Tickets for the event Dec. 9 are now on sale, Graham said.

Educational Meeting May Be Held by Home Rule Group

Members of the Jackson county home rule committee Monday discussed possibilities of having a special public educational meeting on home rule and conducting a county-wide school essay contest.

Plans for a meeting at which Kenneth Tolenaar, executive secretary of the Association of Oregon Counties, will appear, will be decided after the state meeting on home rule in Portland this week. Plans for the contest will be worked out later.

Those planning to attend the Association of Oregon Counties session on home rule Wednesday are committee members Mrs. Lester Adams, Applegate; Frank Farrell, Medford; Maurice MacLeod, Rogue River; and Mrs. Thomas Rutter, committee chairman.

Visits Counties
MacLeod said he visited Benton and Lane counties to learn of their home rule committees' progress and talked with Tolenaar in Salem. Tolenaar is preparing a home rule model charter provisions of which would be elastic enough to cover all Oregon counties, MacLeod reported. Working with him is Orval Etter, of the University of Oregon political science department.

Both Lane and Benton county officials stated that the sheriff and assessor offices should be elective positions and not appointed if a county manager system of government is established. The people are more apt to accept the actions of county tax officials when they have a chance to choose them, it was pointed out.

Following considerable discussion led by committee member Frank Farrell, the group emphasized that a home rule charter does not mean a county would have to have a county manager form of government. The present form of county government could be kept under a home rule charter.

was pointed out. Benton county hopes to have this special legislation enacted by May of next year, MacLeod said.

Under home rule, Benton county has proposed county government divisions for records, assessment and tax, public works engineering, legal, and health and welfare.

Home rule is the only area in which government is being returned home instead of going toward centralization, it was pointed out.

FALSE TEETH
That Loosen Need Not Embarrass

Many wearers of false teeth have a red real embarrassment because plate dropped, slipped or wobbled at just the wrong time. Do not be in fear of this happening to you. Sprinkle a little FASTEETH, the white (non-acid) powder, on your teeth. Hold false teeth more firmly. They feel more comfortable. Does not cause checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Yreka—Members of Greenhorn Grange were told by Master Kenneth Bley that a resolution was passed at the recent state convention of Granges at Ukiah to raise the per capita tax. The reason given was the poor economic condition.
