Funds To Combat Muscle Disease Sought Today

A house to house campaign to raise funds for combatting muscular dystrophy, a fatal muscle disease, will be held in Medford and vicinity today from 1 to 5 p.m.

Don Carlson, vice president of the Jackson County Muscular Dystrophy association, said this year's goal for the one-day drive is \$5,000. Of this money 25 per cent will remain in Jackson county and the remainder will go to the national muscular dystrophy association for research.

The house to house campaign will be conducted by volunteer marchers from local lodges, organizations and service clubs. Firemen and mail carriers will also aid in the drive.

Carlson said there were 14 reported cases of muscular dystrophy in Jackson county alone last year. He noted that the disease is extremely difficult to diagnose in its early stages and is almost always fatal.

In addition to the house to house campaign, Carlson said, there are campaign canisters located in various business establishments around town. Chairman for this year's drive is Louis Reale, vocational rehabilitation therapist at the White City Veterans Domiciliary.
