

EAGER BEAVERS - A hat for day is easy to choose. If you aren't sure of his taste or size, gift him with a certificate packaged in a miniature hat box. The smart hat shown here is an imported fur, features low telescope and tapered crown. "Boyd" Style by Adam Hats.

Matched Gloves, Handbag Made In Supple Leather

Work hand in glove with Santa this Christmas... present her with a matched-in-color leather handbag and gloves.

Select soft, supple leather gloves in hues that coordinate with all her favorite costumes. Easy-to-care-for smooth kid and suede leather gloves and calf leather bags come in brilliant blues, apple greens and bright tangerines to complement the smoked-over colors of this season's fashions.

New smooth, sueded and finely-grained leather handbags are clean-cut and classical in silhouette. They complement the tailored afternoon suit, late day cocktail suit and evening sheath.

Popular shades include calf satchel bags, totes and pouches - that are roomy inside yet give a smartly slim silhouette. New handbags show shirring, draping and tuck effects that play up the dressmaker look in today's fashions.

Evening Clutches
Evening clutches are larger this season, with ample room for key case, cigarette-lighter set, and change purse. Matched in-bag accessories are available in handsomely colored and tooled leather.

Gloves are classically simple during the day and go romantic at nightfall. Short, with little trim, the daytime glove is often a pull-on, softly crushed at the wrist.

In the evening, shoulder-length gloves spell glamour. Bone and white predominate, but many gloves are color-linked to formal gowns. For the woman whose evening shoes are jeweled, there are gloves decorated with brilliants on cuffs or with interesting swirl designs to the wrist.

Jewelry Gifts Popular With Men

Jewelry gifts for men are gifts of function as well as beauty. There is a wide selection to select from - in a wide range of prices.

Personal accessories are pure flattery for any man, and this year's fashion changes point the way to some new gift ideas for pampering the male.

The new, elegant ties call for something special in the way of a tie clasp. Tie bars, often discreetly decorated with smart masculine stones, are perfect accents.

The new tiny tie tacks in a wide variety of designs have won the favor of men of all ages.

These little decorative accessories have a practical value too for they hold the tie neatly in place. Because of their small size they tend to add to, rather than detract from, the pattern of the tie. They range from a single, classic cultured pearl to beautiful gold tacks set with a gleaming diamond.

The Continental trend in men's fashions has sparked more elegant cuff links. Textured gold effects and links set with real or simulated stones give a new touch to his appearance.

Special Cancellation Season Approaching

Each year thousands of cards and packages pour into certain tiny post offices around the country to be stamped with their special cancellation.

Santa Claus, Indiana, is perhaps the most popular recipient. Many cards and letters addressed to "Santa Claus, Santa Claus, Indiana," arrive there, too.
