

Egg Nog Party Fits Any Occasion

The Egg Nog Party—steeped in tradition and flavored with hospitality—fits into any occasion during the holidays... from open house for all ages to a reception for a Christmas wedding.

It can be formal with silver punch bowl and fancy canapes... or intimate with china cups and a try of make-your-own delicious nibbles. For most of us, Egg Nog time serves as an excuse to dress the table in holiday array, bring out the egg nog bowl, slice the well-aged fruit cake, and make it an occasion to renew friendships.

It's one of the easiest forms of entertaining, what with the holiday baking to draw upon and bottled dairy egg nog awaiting in the refrigerator—egg nog much better than what most of us make and with none of the tiresome measuring, heating and blending.

Basically, egg nog consists of eggs, sugar, milk and cream, but its making requires special care in measuring and skill in mixing. Egg nog made by our dairies has what it takes to make it good with no skimming on ingredients.

Start with plenty of well-chilled egg nog, chill the bowl too, if you have room in the refrigerator—add a light shower of nutmeg to top.

Or if you prefer, fold into the egg nog mixture some softly-whipped egg whites. This will make the egg nog fluffier and help it go farther.

Mistletoe Hailed As Eternal Life Symbol for Years

Mistletoe, which can strangle a tree and kill it, has been hailed as a symbol of eternal life since ancient times.

This inconsistency is easy to understand though... for in the dark, barren, cold days of winter, mistletoe, along with evergreens, is generally the only greenery to be seen.

The custom of kissing under the mistletoe dates back centuries, too.

This display of affection offered beneath the mistletoe was an expression of everlasting love in its highest form—between mother and child, father and son, brother and brother, sister and sister.

Devotion to Gods

The ancient Arabians showed their devotion to the gods with kisses as a part of their sacred rites. In the Roman Empire too the kiss indicated reverence and respect.

In the rites of the Druids, mistletoe was broken into small pieces and given to the people to hang over the entrance to their dwellings. Among the early Scandinavians this sentiment toward mistletoe was widespread.

Also in many countries from time to time, mistletoe has been used as a medicine... to "cure" almost anything.

Few people in the modern world really consider mistletoe a symbol of eternity or anything else... but it is fun to have it hanging in your home at Christmas, and pretty as well.

Lighting Directions For Trees Given

To determine the number of lamps you will need for mass lighting of your Christmas tree... figure two lamps per square foot of tree area.

For outline lighting, use one lamp per square foot of tree area.

Tall, symmetrical trees look their loveliest when lights are hung horizontally. Tall trees which are not symmetrical should have lights hung vertically. This is the best treatment for too-stocky trees too.

Large trees can take the different treatment of lights hung spirally.

MOCK RAVIOLI CASSEROLE

(A Fix-Ahead Dish)

1/2 clove garlic	1/2 cup water	1/2 tsp. pepper
1 chopped onion	1/2 tsp. marjoram	1 lb. ground beef
1 1/2 tbsps. salad oil	1/2 tsp. rosemary	1 can tomato sauce
1 2-oz. can mushrooms	1/2 tsp. salt	1 can tomato paste

Combine above sauce ingredients in a skillet and cook slowly for 1 hour. While this is cooking, mix the following in a bowl:

1/2 cup salad oil	2 eggs, well beaten	1/2 cup soft bread crumbs, packed
1/2 cup minced parsley	1 package frozen chopped spinach	1/2 tsp. salt
1/2 clove garlic, minced		

Cook 6-oz. of butterfly or bow knot macaroni according to directions on package. Place cooked macaroni, sauce and green mixture in alternate layers in a 2-quart casserole. Bake in 350° F. oven for 1 hour. Serves 5 to 6.

NOTE: May be prepared ahead of time—stored in refrigerator and reheated.
