BIGGER DOLLS—Bigger than ever this Yuletide are dolls and doll accessories. Here a happy youngster appears with her playmate size doll, who looks just like a three-year-old. Photo: Toy Guidance Council.

**Hobby Gift Will Bring Enjoyment After Christmas**

More and more people are turning to hobbies as a way to use their leisure time more effectively... to have some of the things they couldn't afford otherwise... and to make a little bit of money.

One of the biggest problems in starting a hobby is to get the proper equipment. For some hobbies the necessary items can be purchased all at once without wrecking the budget. But, others are more expensive.

You could make someone happy this Christmas by giving them all or part of the equipment they need to embark on the hobby they want to pursue.

Hobbies Unlimited

In the past, people mainly followed only limited hobbies, such as whittling, making quilts or collecting stamps. Today, hobbies are almost "miniature" businesses... people making leather, mechanical, ceramic, wooden, fabric, etc. items for themselves or their homes. Very often they sell their finished "products" as well.

Some people make their hobby a means of learning something that interests them. They collect, study, study rocks; watch the stars and plot their course; delve into bookbinding, furniture refinishing, etc.

Important Items

One of the most important things to remember if the beginning hobbyist is not to get discouraged, is to begin slowly.

For example, people who are interested in learning to paint may start on the number sets. In this way they learn a little about color and other basic principles. And, since the pictures nearly always turn out well, there is sure to be a feeling of accomplishment.

It may be necessary to do a bit of sleuthing to find what hobby a person would like to pursue; but, it will certainly be worth the effort. A hobby gift will continue bringing pleasure long after Christmas.

**Robin Was Motif For Holiday Cards**

The robin, now considered a harbinger of spring, a century ago, was a favorite Christmas motif on cards, and for decorative effect.

Legend connected the robin with Christ, and thus with Christmas.

The legend states that the bird, in trying to ease Christ's suffering on His way to the crucifixion, pulled a thorn from the crown. In so doing, a drop of blood fell on the robin's chest and remained there forever.

Comic robins, perky robins and robins in all types of poses are pictured by the thousands of Christmas cards in the late 19th century.

**PERFUME SET**—She shall have fragrance wherever she goes with this elegant perfume set. A classic crystal bottle for all-home perfuming plus a refillable, sleek black and gold purse flacon for perfume touch-ups anywhere. So as not to waste one precious drop of the perfume, a convenient plastic funnel is included. Presentation De Luxe" Chanel No. 5.

**Hundreds of Items Are Available for Toddlers This Year**

If toddlers could write their notes to Santa Claus, they'd have a really glorious time this year... with hundreds of exciting new items to list. Starting with a very tiny infant and going up to the six-year-old, the choice is wide.

Cuddly animals and unbreakable plastic toys are still the most popular for a baby under 18 months, and the more colorful the better. Very colorful the better. Very little children respond happily to bright, cheery shades. But be sure the toy is safe.

Blocks, small battery-driven cars, music boxes or simple take-apart toys are best for this age group. Also there are soft paper-back picture books and wonderful cuddly life-like dolls.

Mechanical figures which can dance are a constant delight, and little eyes always sparkle at the sight of a colorful, hand painted wooden train.

Educational Sets

For the group just under six, the emphasis again is on educational toys and games which teach the child coordination. An easy-to-assemble car kit, blackboard number cards, alphabet building sets are always good.

Doll furniture, tea sets, and "little seamstress" sewing kits are ideal for training children at an early age.

Finally, if there are already toys galore under your toddler's Christmas tree, you might consider "washables". A visit to the "small fry" department of a store will open up another world of suggestions.

Rompers, robes, dresses, dolls, sweaters, sweater sets, slippers, slippers, slippers, slippers and many, many other items will make you a "sensible Santa" this Christmas.

**Care of Poinsettia Said Important**

Get down poinsettia on your shopping list to help bring the warmth and cheer of the holidays into your own home or that of a friend's.

You'll find it takes care and know-how to keep this fiery plant bright and lovely throughout the wintry days. Poinsettias can't take sudden changes in temperature and humidity without losing their leaves. The correct day temperature is under 72 degrees and the night temperature in the room should be no colder than 60 degrees. Never let the plant dry out between waterings.

Overwatering and under-watering will cause leaves to turn yellow and drop off.

The poinsettia is a real sun worshiper, so place it where it will receive as much direct sunlight as possible—away from drafts and hot air registers. The higher the humidity in the home, the better poinsettias will thrive.

Add your own sparkle to candles this year. It's easy and fun too. Just soften the outside of the candles where you want to attach "glitter"... then stick on odd buttons, old tree ornaments, sequins, or tinzel objects you can buy where ornaments or wrapping paper are sold.
