Health Officials Say Bat Located Here Has Rabies

Veterinarian Calls Findings 'Hot Case'
A bat which was sent to the state health department laboratory about four days ago was reported as having rabies, Orle Moore, chief Jackson county veterinarian, said Saturday.
This is a particularly "hot" case, a local veterinarian explained, since it usually takes about nine days for a rabies case to show positive results. Moore confirmed this, saying it will take nine to 21 days for a case to come back from the laboratories as positive.
The usual procedure is to take a microscopic examination of a section of the so-called infected animal's brain, then inject the eviscerated brain into the brain of a mouse. In this particular case the mouse died in four days.
The veterinarian said the bat was found atop a lumber pile by Glen Clifford who was building a house near Crater Lake highway and the banks of Antelope creek. He imprisoned it in a coffee can being careful not to touch it with his bare hands and brought it to the county health department.
Moore said the rabies problem has cooled off in Klamath county where a number of rabid bats were found and in the Brookings, Ore. area where a rabid dog was found and a county-wide quarantine enforced, along with mass inoculations of cats and dogs.

St. Mary's Downs Siletz; Wins Title

BY DICK JEWETT
Mail Tribune Sports Editor
Newport—St. Mary's High school of Medford, state class B football co-champions last year, won the 1960 title here last night. They defeated Siletz High school 13 to 0 in the championship game.
The Crusaders capitalized on two long punt returns by Alex Mete setting up both touchdowns and used an aggressive defense to hold the Warriors back.
In the first quarter Mete took a handoff of a punt return from Aundre Knutson on the St. Mary's 35 yard stripe and ran the ball back 62 yards to the Siletz three. Two plays later, Dick Evans smashed over the touchdown. Jim Calhoun kicked the extra point.
In the late stages of the second stanza using the same punt return handoff play, Mete ran 28 yards to the Warrior 24. Six plays later Evans passed to Paul Elliott in the end zone for the second score. Fifteen seconds remained in the first half. Calhoun's conversion kick was wide.
No Closer Than 19 Yards
Siletz got no closer to the St. Mary's goal than the 19 yard line in the first half. Closest penetration in the second half was to the Crusader 33.
St. Mary's had one drive halted in the second quarter on the Warrior 15. Siletz ripped off a number of long gains, particularly on the passing of quarterback Neil Borden, but the Crusaders repeatedly ripped through to throw him and other Siletz backs for losses.
The game was played under clear skies, however, the field was muddy. Cool temperatures didn't bother the Crusader attack.
St. Mary's, in the second half, reached the Warrior 29 yard stripe for their deepest penetration. The Crusaders had 11 first downs and Siletz earned four.
The game was the Crusaders last class B competition. Next year they will play as an A-2 team.
The victory was St. Mary's eleventh this fall. The Crusaders were unbeaten.

Ike Denies Guinea Charge That U.S. Supports Enemies

President Answers, Country Backs U.N.
Washington—(UPI)—President Eisenhower Saturday denied that the United States had taken a partisan position in the Congo dispute and was supporting the "enemies of Africa" by backing the government of Joseph Kasavubu.
He told President Sekou Toure of Guinea that this country's Congo position was in line with United Nations recognition of the Kasavubu government.
In a cable to Toure, Eisenhower said the Guinean president's charge "reflects a serious misunderstanding of the policy of the United States government in support of freedom."
Favors Emancipation
"I am prompted, therefore," the President said, "to recall to you that the United States has been in the forefront of those nations who have favored emancipation of all peoples, in accordance with the purposes and principles of the United Nations charter."
The exchange of cables between Eisenhower and Toure was made public by the White House.
Toure's government has been supporting Patrice Lumumba, ousted premier of the Congo, which was granted its independence this year by Belgium. The Soviet bloc in the United Nations also has supported Lumumba, who appeared to be leaning toward the Communists before his overthrow.
Supported U.N.
In his reply to Toure, Eisenhower said that this country, unlike some, had refrained from taking a partisan position in the Congo dispute. Rather, he said, the United States had supported the U.N. recognition of the Kasavubu government, "a constitutional position which is universally accepted and recognized in the recent report of the U.N."
Eisenhower said the U.S. position was "not a question of partisanship but an attempt to strengthen one of the essential foundations of stable and effective government in that unhappy country."
Toure's cable, dated Nov. 26, said that if the United States continued to maintain its present position in the Congo dispute, Guinea would refuse to take part in the U.N. conciliation commission to be dispatched to the Congo.

FBI Hunts For Kidnappers

FREE CANDY—Santa Claus found himself passing out candy cedes to 1,500 waiting youngsters Friday afternoon, and a few moments after this picture taken you couldn't see Santa as the children came aboard the railroad flat car in great numbers. The car was decorated with Christmas trees, sprayed with white paint. But some genuine snow, that fell early Friday morning, can be seen at Santa's feet.

Victim Found Unharmed; Ransom Totals \$200,000

San Diego, Calif.—(UPI)—Ex-convict Frank Marrone was named late Saturday in a federal warrant for unlawful flight to avoid prosecution for the kidnaping of a wealthy southern California sportsman. Almost \$123,000 in ransom money is still missing.
The Federal Bureau of Investigation, by issuing an unlawful flight complaint against Marrone, 32, resumed an official part in the investigation of the kidnaping of Anthony Alessio, 41, and in the search for the missing ransom money.
Alessio was found handcuffed but unharmed in a motel here Wednesday night after \$200,000 ransom was left in a Hollywood parking lot. FBI agents arrested one man and two women in Los Angeles and recovered more than \$77,000 of the ransom money.
The FBI turned the suspects over to local authorities here for prosecution since it was not a federal case because the victim was not taken across a state line.
Marrone, a Los Angeles bartender, who has a record of arrests for forgery, robbery and burglary, was already wanted by the FBI on a warrant charging him with unlawful flight from Alaska to avoid prosecution on the charge of transporting forged travelers' checks across a state line.
The five-foot-ten-and-a-half-inch fugitive was convicted of second degree murder in Alaska in May, 1959 but was released on bail pending outcome of an appeal.
"Extremely Dangerous"
The FBI warned that he is usually armed and must be considered "extremely dangerous."
Marrone was described as a horse race fan and was known to have frequently visited the Agua Caliente track in Mexico operated by Anthony Alessio and his six brothers who have large business interests in that area.
The ransom money "drop" was made by John Alessio, head of the race track, after it was packaged at the U.S. National bank in downtown San Diego. Neither the FBI nor local authorities would comment on speculation that the money had been marked.
Anthony Alessio resumed his work as an odds-maker at the track after he was released but declined to comment on the case.
Kidnaped Tuesday
Alessio was kidnaped late Tuesday as he came home from the track and was released unharmed 32 hours later. Two masked men grabbed him as he alighted from his car, took him to an abandoned house and then transferred him to a San Diego area motel.
The original demand for ransom money was \$650,000—the highest on FBI record—but this was reduced to \$200,000.
The \$200,000 was left in a duffel bag in a car in a Hollywood parking lot by Anthony's brother, John, Wednesday night and 90 minutes later the victim was released.
Police Chief A. E. Jansen said there were "three or four" more suspects sought but did not identify them. The search covered a wide area including points in Mexico and Canada.
The suspects taken into custody in Hollywood were Robert James Gorman, 29, Monterey Park, Calif., and his wife, Ruby Elaine, 30, and Marrone's wife, Selma, 25.
They will be arraigned here probably Monday on kidnaping charges which could mean a maximum penalty of life imprisonment on conviction.
Gorman and Marrone both have long police records. Gorman was a fugitive from the California Institution for Men at Chino. He had been returned there this summer as a parole violator after serving time on a robbery charge.

Oregon Opposes Pear Quarantine In California

Salem—(UPI)—The Oregon Agriculture department Friday went on record against a California pear quarantine and said it would "serve no beneficial purpose at this time."
Oregon pear growers ship a large percentage of their crop into the proposed quarantine areas and Hugh Taylor, chief of the Oregon department's division of plant industry, said the ban would cause an economic hardship on the industry.
California officials plan a hearing on the matter next Tuesday.
Taylor said the hearing is a result of the mysterious fruit disease known as "pear decline" in California. The problem is being studied in Oregon and Washington also.
Pears Prohibited
An "interior" quarantine would prohibit transport of pears, seedling trees, or any plants from known infested areas to restricted areas. An "exterior" quarantine would prohibit transport into or out of the state of any restricted commodity.
Taylor said the cause of pear decline is unknown, as is the method of transmission or the carriers.
Taylor said Oregon's position is that a quarantine against pear decline "in any area would be unwise until a great deal more is known of the cause of the 'pest' and other ramifications resulting from such a quarantine."

Oregon Accidents Claim Four Lives

By United Press International
Three out-of-state persons were killed Saturday in Oregon traffic accidents to run the state's week end highway death count to four.
The victims were Aaron Lee Pugsley, 64, and his wife, Clara, 53, Notus, Idaho, and Tony Anthony Ross 36, Aptos, Calif.
The Idaho couple died in a car-truck collision on U.S. highway 20 at Horse Ridge, 20 miles east of Bend.
Collide on Curve
State police said the Pugsley car and a truck driven by Roy G. Bailey, 39, Hillsboro, collided on an icy curve. The Pugsley car was crushed against a bank. Bailey was not injured.
Ross was killed in a one-car accident on U.S. highway 95-40 miles south of Jordan Valley near the Oregon-Idaho border. His wife and two children, passengers in the car, suffered minor injuries and were taken to a Caldwell, Idaho, hospital.
Leland King, 51, Madras, died Friday night at The Dalles General hospital of injuries sustained Wednesday in a two-car accident near The Dalles.

Duncan Says Votes For Speaker Pledged

State Rep. Robert Duncan said Saturday he has sufficient votes pledged to elect him to an unprecedented second term as speaker of the Oregon house of representatives.
Duncan, a Democrat who was reelected to his third term in the legislature Nov. 8, had a reported 30 votes of the 31 needed for election, following a caucus of Democratic house members last week, with only Rep. George Anala (D-Hood River) holding out.
Since then, Duncan said, he has received pledges from several Republican members. (Reports from political observers in Portland said they include Reps. Robert Elfstrom, Salem, George Layman, Newberg, and Sam Wilderman, Portland.) Other Republicans have also indicated they plan to vote for him without offering formal pledges to do so, Duncan said.
Gratified by Action
The speaker said he was gratified by this action, and forecast a "harmonious session," when the legislature meets in January.
He said he has been in contact with State Sen. Harry Boivin (D-Klamath Falls), who apparently will be senate president, and has been assured that house and senate would work well together.
As for the Republican votes which assure him of the speakership, Duncan pointed out that in his inauguration message, Gov. Mark O. Hatfield called for this very sort of thing. He quoted him as saying:
"You may wish to give consideration to continuing your minority and majority leaders from session to session, as in the congress. Oregon can no longer afford the luxury of leadership by rotation in its legislative branch of government."
His reelection as speaker is a step in this direction, Duncan declared.
He is sending letters to all elected house members, asking their preferences in committee assignments and seating, Duncan reported. He said committee appointments will be announced prior to the session's start.

Elfstrom Confirms Vote for Duncan

Salem, Ore.—(UPI)—State Rep. Robert Elfstrom (R-Salem) confirmed Saturday that he intends to vote for State Rep. Robert Duncan, (D-Medford), as 1961 Oregon House speaker, assuring Duncan of a second term as speaker.
Duncan said earlier in Medford he has pledges from several Republican House members, more than enough to elect him as speaker.
He also has pledges from 30 Democratic State Representatives. Thirty-one votes make a majority.
Other GOP Support
Elfstrom said he knew of "at least seven or eight" Republicans who intend to support Duncan.
"If he has 30 of his own people, he should be allowed to go ahead and organize the House. There is no time for bickering. We've got a tough session ahead," Elfstrom said.
Elfstrom, recuperating at home from an operation for ulcers, said he has not yet decided whether he will be a candidate for re-election as House minority leader. A talk with his doctor next week will have a bearing on his decision, he said.

THAT'S HIM—As Santa burst through a paper screen on the specially decorated Southern Pacific flat car, little faces expressed looks of awe and excitement at the sight of the chubby fellow with the big white beard. David, 3, and Terry, 4, above, son and daughter of Mr. and Mrs. Frances Harden, Medford, wait patiently for their turn to meet Santa in person.

Debbie Reynolds Weds

Hollywood—(UPI)—Debbie Reynolds and Harry Karl, seeking the happiness that eluded both in previous week end honeymoon Saturday with the same yet for privacy that characterized their wedding.
Debbie, still a "working girl," although she wed the millionaire shoe magnate Friday night, must begin work tomorrow on the picture "The Pleasure of His Company."

Mrs. Kennedy Views Baby for First Time

Washington—(UPI)—Mrs. John F. Kennedy saw her new born son last night for the first time. She was accompanied by her husband to the hospital nursery.
"She was very pleased," President-elect John F. Kennedy told reporters afterwards. At the same time, Kennedy disclosed that the baby had been suffering from a slight respiratory ailment, but is now "fine."
The two-day-old baby, John F. Kennedy, Jr., probably will stay in the incubator "another day or so."
Asked the cause of the respiratory trouble, Kennedy suggested talking to the doctor about it. He expressed belief it was a result of the baby's premature birth.
The Congressman-elect also announced intentions of contacting each of the 16 port commissions in the district to obtain historical information on each port plus an outline of each port's needs.
He plans, according to reports, to devote "considerable energy" to the task of gathering port and harbor improvement as a means of creating better industrial possibilities.

Durno Will Have District Contact

Roseburg—Congressman-elect Edwin R. Durno, who will represent the fourth district beginning in January, announced on a visit here recently plans for a "proxy congressman."
The proposal is to have a "congressman by proxy" on full-time duty within the district to insure "continued contact" with the people of this Congressional area. Dr. Durno hopes to have the program initiated prior to his departure for Washington, D. C., later this year.
According to the politician, the "proxy" will be paid expenses and salary by Durno himself, as well as have an office at some "convenient place" in the district. Although much of the person's time will be absorbed in visiting the major cities within the area, he will hold regular office hours.
Schedule Made Public
A schedule of the Congressman's assistant will be made public so constituents may plan to see the "proxy." His major purpose will be to link the U.S. Representative with the people of the district.
If the plan is carried out, the "congressman by proxy" will report public opinion to Dr. Durno by telephone and letter.

Students and Police Clash in Venezuela

Caracas, Venezuela—(UPI)—Groups of armed youths clashed with police in downtown Caracas Saturday for the second time within 24 hours.
Police reported two persons were killed and seven others, including four policemen, were wounded when shooting on both sides started after tear gas failed to disperse the mobs. One policeman was in critical condition.
Police opened fire on the anti-government demonstrators after their tear gas attack in front of the Fermin Toro school near the presidential palace was met with a hail of stones.
City Now Tense
At least 21 other persons were injured in the rioting. A tense calm fell over the city when police finally broke up the rioters. Earlier, police reported one person dead and more than 40 injured.
The demonstrators claimed there were five dead, two of whom were students. Later last night, one of the walls in-

Caroline Told Mommy Bought Her a Brother

Washington—(UPI)—Little Caroline Kennedy has been told that mommy "bought" her a baby brother as a present for her third birthday tomorrow.
And Caroline was so happy about it that she set out on a shopping tour today to "buy a comb and brush for my new Baby John."
Daddy—President-elect John F. Kennedy—told reporters Saturday that he broke the news about the new baby to his daughter Friday night.
Kennedy said he told her "her mother had gone away and would bring her a baby brother for a birthday present. She seemed very happy about it."

WEATHER
FORECAST: Partly cloudy with patches of haze for the morning. Partly cloudy this afternoon and evening. Increasing cloudiness Monday morning. High today 42. Low tonight 36. High Monday 45.
Lowest This Morning 33
To 5 p.m. Yesterday Precip. 0.00
Our Skies Tonight
Sunset today 4:43 p.m.
Sunrise tomorrow 7:18 a.m.
Moonset tomorrow 3:33 a.m.
Tonight the planet, Venus, appears below Saturn. Venus makes a complete revolution around the sun every 225 days; Saturn about 29.5 years; Uranus takes nearly 30 years to go around the sun.
