

SUBMARINE MEMORIAL—This is the future site of a National Submarine memorial to be built by the U.S. Submarine Veterans of World War II and to be dedicated to the 52 submarines and 3,500 submariners lost on patrol. At the site, a five-acre tract bordering the Thames river near the U.S. Submarine base, New London, Conn., the USS Flasher will be permanently berthed. The craft was chosen and presented by the Navy because of her outstanding war record; she survived 12 war patrols and

sank over 100,237 tons of shipping. The USS Flasher will be symbolic of the submarines and the men who served on them during the war. Also included in the building plans are structures to house trophies, battle flags, souvenirs, displays, and museum pieces pertaining to submarine warfare and history. An enlarged submarine library and executive offices are to be provided. Also anticipated are tourist facilities, a small chapel, and docking provisions.

Gold Hill Grange

Under committee reports, agriculture farmers are pleased to have the rain as it will give them help for their fall crops. Market prices have not changed much from last week.

Legislature Committee member Ferd Jones spoke on the gold standard. It seems Congress is waking up a little about this and it is time something was being done, he said.

HEC reported election of new officers. They are Artis Locklin, chairman; Icie Walker, vice chairman; Harriet Elliot, secretary; and Gertude Rasencran, treasurer.

Installation of all Grange officers will be at Central Point, Sunday, Dec. 4. Walker has asked that all elective officers be present, if possible.

Lecturer Icie Walker carried out the program with a Thanksgiving theme. Music was provided by Evelyn Jones. Chaplin Nora Wait read a scriptural selection from the Bible, and Ada Jones presented a history of the first Thanksgiving and the landing of the Pilgrims.

Roberts instructed the grange in the new flag drill, and refreshments were served by Jessie Hays and Mr. and Mrs. Alva Walker.
