FUND RAISING PROJECT

Jacksonville—As one of the fund raising projects of the school year, the Jacksonville Elementary Parent Teachers association is sponsoring a rummage sale, Saturday, Dec. 3, in the Masonic hall, Jacksonville, from 9 a.m. until 5 p.m. Everyone is invited. Any one having any rummage or white elephant articles to donate, please call the school TW 9-1361 and leave your address at the school office.

Publicity for School Legislation Discussed

Grants Pass—Wilson Maynard, public relations director of the Oregon Education association, outlined a plan for informing voters of legislation pertaining to schools that may come before the legisla-

ture in 1961 recently. Maynard spoke to a group of Josephine county PTA presidents, school officials and school board representatives. He explained the thinking and planning behind the "Lights on for education" drive which is sponsored by the Oregon State Congress of Parents and Teachers, Oregon Education association and the School Board association of the state.

It is an attempt to acquaint people throughout the state with legislation possibly coming up during this session of the legislature pertaining to schools and school curriculum matters. The feeling is that the average voter is not sufficiently interested in school legislation and that more understanding of the measures involved, with an indication of support or disapproval, would be of great assistance to the men representing the voters in Salem. The aim behind these open houses in 1-500 school houses on the evening of Jan. 5 is to involve as many people as possible in the discussions and thus focus the attention of legislators and lawmakers on the effort.

Cub Scout Toy Drive Saturday Morning

Eagle Point—Cub Scouts of Pack 48 and their fathers will conduct a drive for old toys, broken toys and pieces of toys Saturday morning, Dec. 3.

These toys will be rejuvenated by veterans at the White City Domiciliary and will be distributed to needy children at Christmas.

Anyone not living directly in Eagle Point may call Cubmaster Elmer Binker at TA 601-64401 for pickup of old toys.

Mayfield Will Speak To Butte Falls PTA

Butte Falls—Dr. Leonard Mayfield, superintendent of Medford schools, will speak at a meeting of the Butte Falls PTA Monday, Dec. 12. The meeting will be held in the high school gym at 7:30 p.m.

At 7:30 p.m. there will be a community sing consisting of Christmas carols, followed by one or two numbers by the Mothersingers group. A short business meeting will then be conducted followed by a talk and pictures on Russia by Dr. Mayfield. He has visited Russia. Several points concerning differences in our educational programs will be brought out at this program.

At the close of the program refreshments will be held in the cafeteria. Everyone is invited to attend.

WILDLIFE ZONES

Santa Fe—Six of the recognized wildlife zones in North America are included within the borders of New Mexico.

Personally Speaking

By JOHN STAFFORD

An injustice in the Mail Tribune news room came to our attention recently. Although Personally Speaking attempts to air only public problems most of the time, what we discovered in our own back yard is significant. One member of our news staff feels slighted.

The Mail Tribune has 10 regular staff members. Nine of these are editors of one thing or another. We have a managing editor, city editor, wire editor, society editor, sports editor, farm editor, church editor, photography editor and regional editor.

This briefly explains the duties of all staff members but one. He is the one with the problem. In an age of important titles, he has none.

R. Greg Nokes is city hall reporter. He is the only staff member who doesn't have the word "editor" attached to his duties. Nokes is unhappy about this. He is one of the most important members of the staff.

As a means of remedying Nokes' complex, a former reporter dubbed him "Flight o' Time editor." Among Nokes' duties is assembling the Flight o' Time column in each day's paper.

We have given a great deal of thought to Nokes' dilemma. We still don't know what the solution to his problem will be. Any suggestions will be welcome. His morale is sinking.

In October we devoted a column to discussing the difficulties involved in buying presents for women. Particularly the problem centered around the husband buying gifts for his wife.

We have discovered that we aren't the only one concerned with this problem. The editor of a midwestern newspaper has spoken on the dilemma also. Here is what he says:

"When it comes to Christmas shopping most men are bumbling incompetents. Find us the man who has even a foggy notion of what to buy his wife for Christmas, and we'll name him husband of the year. For that matter find us one who doesn't get this answer when he asks his wife what gifts she wants: 'Oh, George, I've given you hundreds of suggestions and if you haven't the gumption to remember them, that's your hard luck.'

"Finally, in near panic, the man of the house invades the feminine wear precincts, gets lost in displays of nighties, slips, hosiery, robes, foundation garments and cosmetics, and is a sitting duck for any sales lady who takes aim at him.

"He buys the first thing he sees as a means of escape. However, he at least has a package. Whatever he's bought probably is the wrong size or color, but his wife can exchange it after Christmas.

"It would be much simpler to give her a check and tell her to buy what she wanted, but this is too lacking in sentiment. It involves too little suffering."

As you might suspect, this editor has quite a sense of humor. A few years ago we were on the receiving end of one of his jokes.

We were seeking summer employment on his news staff. He studied our credentials closely. Then he said, "young man, I'll hire you. While you work here you will be paid \$80 a week."

Our eyes bulged. This sum for a college student was big money. However, we were a little optimistic. His next statement proved this point.

"This \$80 will include \$30 in cash and \$50 in experience," he explained.

AUXILIARY MEETING

Butte Falls—The Butte Falls Lions Auxiliary will hold its Christmas meeting Tuesday, Dec. 6 at the home of Mrs. Henry Tygart at 8 p.m. Members are asked to bring a gift in the price range of a dollar to be used in the gift exchange. At the January meeting Secret Pals will be disclosed and new ones drawn for the year 1960-61.

Executive Committee Meeting December 7

Butte Falls—The Butte Falls PTA will hold its executive committee meeting Wednesday afternoon, Dec. 7 at the Butte Falls Grade school at 3:30 p.m.

Members are asked to make a special effort to attend this meeting as there are several problems to be discussed. Among these items are possible money making projects for the month of January, the coming programs for the month of December, January and February, Christmas candy for the Christmas program and the "Lights on for Education" meeting scheduled for Jan. 5 in every school throughout the nation.

Traffic Is About Same As Last Year

Hornbrook—Vehicles checked through the California State department of agriculture quarantine station on Highway 99 at Hornbrook over the Thanksgiving holiday season numbered about the same as last year, according to a report given by a member of the staff at the station.

Wednesday's count, 1,360, was the highest, with 956 on Thanksgiving day, and 750 on Friday. Home-bound travelers were raising the count as of 3 p.m. on Saturday and snow and fog on the Siskiyou were causing traffic to bunch.

A "tremendous" number of trucks were included in the holiday count, but truck traffic for all times has increased markedly, the inspector stated.

Hornbrook Cagers Have Even Records

Hornbrook—By a score of 31 to 11, Hornbrook grammar school's girls basketball team won over Grenada Wednesday in a game played at the Gazebo Grade school gym.

This was the largest number of points the girls have racked up in their last three years of competition. The boys' team also was victor over Grenada, scoring 18 points to their opponents' 16 points.

At Hills on Nov. 18, both Hornbrook teams went down to defeat. However, their coaches, Ronald Rhodes for the girls, and Principal Harley Baker for the boys, said the youngsters played good games and were good losers.

Baker is enthusiastic in his praise of Hornbrook parents and other interested persons for the support they have given the teams by their attendance at the games, both at home and on the road, and would like to express his thanks and appreciation to them.

Today the boys' team is traveling to Scott Valley where they will meet the Ft. Jones quintet on their home grounds, and on Saturday, Dec. 3, they will participate at Dunsuir in the ninth annual recreational tournament sponsored by the city of Dunsuir recreational department. This is the third consecutive year the local grammar school team has been invited to take part in this event. Other participating teams are Hills, Montague, Yreka "B" team, Grenada, Weed, Dunsuir and Castella.

Rural Reflections

By MAUDE ZIEGLER

Applegate Valley—In a UPI Telephoto in the Mail Tribune last week a local resident recognized the name of a relative among the Fresno, Calif., Boy Scouts rescued from the sea when their fishing boat was upset by a huge wave. Mrs. Nellie Rose, East Side rd., said that 14-year-old Dean Cowley of Fresno is a son of her nephew, Dean Cowley. Dean's brother, Jonnie, was in the boat, but not thrown in the water.

Two men were drowned in the accident, and a total of seven were rescued. Relatives since have sent Mrs. Rose clipping from the Fresno Bee describing the rescue by the Coast Guard.

DOG CONTROL ORDINANCE

Jacksonville—Jacksonville residents are reminded that the dog control ordinance is still in effect in the city, according to Frank Carter, city police chief.

The ordinance will be rigidly enforced, Carter said. Any violators will be fined, he said.
