Break Waited in Search for Coed

Portland (AP)—Authorities still were waiting for a break today in the case of missing coed Beverly Ann Allan, abducted by the slayer or slayers of her boyfriend, Larry Ralph Peyton, 19.

Reports of maroon cars continued to pour in. A 1949 to 1951 model car of that color with a black primer stripe on the right side and a grille with a broken bar was reported seen near the wooded area where young Peyton was slain.

One officer said Wednesday there might be a development "in a day or so."

Peyton's body was found Nov. 27 in his car parked in a lover's lane. He had been stabbed 23 times in an apparent struggle to protect Miss Allan, a sophomore at Washington State University, from an attacker or attackers.

State crime laboratory experts went over the car.

Reward money of more than \$2,000 has been offered in the case.

School News

Oak Grove School
 By Vicki Heath and Susan Parsons

In Mrs. Kathleen Wilson's third grade class we drew pictures of transportation long ago. Now we are studying about today to see how things have changed. We studied transportation by land, water and air.

In science we had reports about birds, animals and bugs. We made birds and hung them in the room. They look as though they are flying when the wind blows them.

Mrs. Dena DeKorte's fourth grade room won the PTA membership contest for which we received \$5. We bought vases with flowers with the money.

We are making a mural on the Amazon to show what it is like there.

Mrs. Love, our school nurse, talked to us about carelessness and accident prevention last week.

We made illustrations of books we had read. They were judged, and prizes were won by Linda Stephenson, an illustration of Betsy Ross; Donald Ludwig, an illustration of Paul Revere's ride; and Debbie Bittle, with the illustration of The Doll Who Came Alive.

Our room officers in Mrs. Ruth Urie's fourth grade are President James Tusow, Vice President Mike Herrin, and Secretary Craig Bryant.

The two fourth grade classes went on a field trip to the airport. While there, we went up into the control tower. We climbed in a piper cub plane.

Last week our room challenged Mrs. DeKorte's room in a spelling bee. Mrs. DeKorte's room won. Terri Eppinger stayed up the longest.

We have made a mural about a jungle scene. In geography we are studying about South America and the Amazon river.

The fifth grade class of Mrs. Florence Connors had an assembly last week. They did scenes from "Robin Hood" and "The Five Chinese Brothers."

Some of the boys and girls dressed up like their favorite story book characters and had a parade.

In English, we are writing business letters. Carol Dykstra wrote to the Country Store in Massachusetts to see if we could get some old fashioned candy in a striped bag.

We are learning to make scale drawings in arithmetic.

In geography in Mrs. Corinne Kane's sixth grade we have been studying Mexico. Some children brought things from home on Mexico to put on the bulletin board.

Susan Bales and Tommy Humphries mad reports on two men who explored Mexico. We also have been studying Central America. We sent letters to ambassadors for information on Central and South America.

Some children have been making bar and line graphs in arithmetic class. In English, we have been learning about topic sentences and how to make paragraphs better.

In physical education we have been working on tumbling. We have been doing the forward and backward roll, headstand, tripod and the duckwalk.

Bulwalker Satisfied
 With Only 100 Watts

Dallas, Tex. — The burglar who broke into the home of Mrs. M. L. Simpson in Dallas was a determined bulb snatcher.

He jimmied a locked door at the home, ransacked a chest of drawers, then escaped with nothing but a 100-watt light globe from a living room lamp.

FRITOS King size, crispy fresh, corn chips **49c 11-oz. pkg.**

TREND Powdered for dishes and fine fabrics **39c 2-12 1/2-oz.**
