

Guerrillas Ordered To Liberate Capital of Laos

Private Education Seen in Louisiana

New Orleans — UPI — City school officials today saw Louisiana moving toward state-supported private, racially segregated education. They also predicted a tiny band of white parents will ride out a wave of violence and abuse and leave their children in an integrated school. "The Legislature must have come to the realization that it must either accept some form of integration in the public schools or operate private schools," said the school board's outgoing president, Lloyd G. Rittiner.

Crater Greenhouse Sold by Meadows

Mr. and Mrs. W. K. Meadows, owners and operators of the Crater Greenhouse, 1048 Crater Lake ave., for a number of years have sold their business to Mr. and Mrs. Dale Niedermeyer, 2905 Larch st., Medford.

The Meadows plan to assist the new owners for a few months, it was reported.

U.S. War Department expenditures during 1789-91 were \$632,804. In 1944 and 1945 they were \$50 billion each year.

The Legislature meets today to vote on an apparently already doomed move to unseat the board. The new bill is virtually the same as a new law rendered unenforceable last week by federal court orders. The lawmakers have resolved to stop paying teachers at the city's two integrated schools, but the board has assured the teachers they will be paid.

Medco, Highway Group in Agreement

Salem — UPI — The Oregon highway commission Monday entered into a cooperative agreement with the Medford Corporation for disposition of a railroad line which stands in the path of the relocated Pacific highway in Medford. The agreement calls upon the corporation to remove the ties and rails by July 15, 1961. The state then builds a truck road along the same general route and reconstructs a company-owned telephone line. The corporation is responsible for maintaining the truck road, a about three-fourths of a mile long.

DEBRIS SEARCHED — Firemen search a smoldering corner of the Gale Deardorf home at Merlin for the body of Sharon Deardorf, 4. The father is in Josephine General hospital at Grants Pass with cuts and burns suffered while

saving two of the four children, Billy, 5, and Karen, 3. The mother rescued the baby, six-month-old Cindy. The family lost everything they owned in the fire. (UPI Telephoto)

British Women, Children Told To Leave City

Vientiane, Laos, — UPI — The Communist Pathet Lao command ordered its guerrillas in Vientiane today to defend its against right-wing military forces and to "liberate" the royal capital of Luang Prabang.

A broadcast by the Pathet Lao clandestine radio in northern Laos admitted the leftists were facing "many difficulties" and called for attacks to support Vientiane and against enemy barracks, army posts and positions in central and lower Laos.

The broadcast came soon after the Laotian Assembly meeting in the right-wing rebel stronghold of Savannakhet in southern Laos elected Prince Boun Oun Na Champassak as premier and Gen. Nosavan Phoumi, military leader of the rightist forces, as deputy premier.

The British Foreign office announced in London it has ordered British mothers and young children to leave Vientiane.

Prince Boun Oun was reported to have the full backing of King Savang Vatthana who rules from his own capital at Luang Prabang.

The Communist Pathet Lao called Boun Oun a "puppet" of the United States and ordered its guerrillas to "increase their efforts, to attack the enemy in the rear and to annihilate the enemy forces."

There was no indication the rival neutralist government of Premier Quinim Phoisena in Vientiane would pay any attention to the election of Prince Boun Oun or take note of the fact the king was backing him. Quinim is getting steadily increasing aid from the Soviet Union in preparation for what is expected eventually to be a showdown between the leftist-leaning neutrals and Phoumi's right-wing forces.

Million More Seen To Be Unemployed

Washington — UPI — Another million workers are virtually certain to lose their jobs in December and January, pushing unemployment over 5 million, government economists predicted today. No drop was in sight before March.

Barring a sharp — and unforeseen — spurt in production and hiring, the number of jobless was expected to rise to 4.2 million this month and to 5.2 million in January. Another 100,000 workers were likely to be laid off in February.

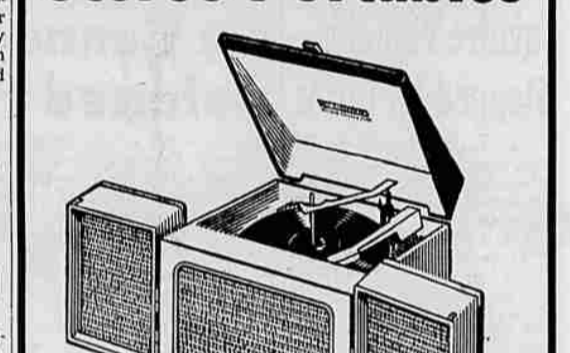

The economists painted this dark picture after the Labor Department announced Monday that unemployment climbed by 452,000 last month to 4,031,000, a postwar November record. The jobless rate fell a shade from 6.5 to 6.3 per cent of the labor force. Seymour Wolfbein, a deputy assistant secretary of labor, said he foresaw "nothing in the offing which will bring unemployment down before the end of winter."

He said the November figures supported earlier predictions that unemployment would not drop until March, falling then to 5 million. He noted that joblessness usually jumps in January because Christmas workers are laid off and cold weather curtails outdoor work.

Boys Arrested for Three Burglaries — Two 13-year-old Butte Falls boys have been lodged in Jackson county juvenile detention home on charges of burglarizing Scotty's cafe in Butte Falls last week end and the Butte Falls General store twice, Dec. 3 and on Saturday night.

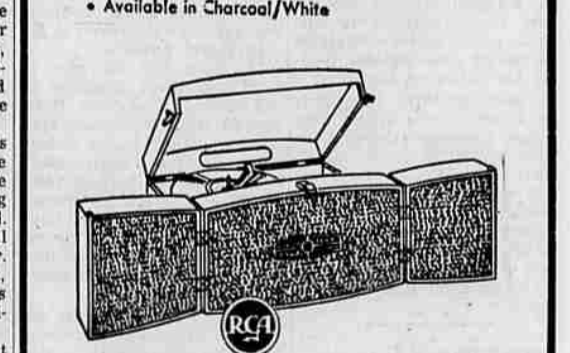

The two boys admitted taking \$2 in cash from the open cash register in the store on Dec. 3 and \$8.40 from the store Saturday night. They also admitted taking \$8 and a large amount of candy, cigars, cigarettes, beer, peanuts, a watch and knives from the cafe. They were arrested by Jackson county sheriff's officers Sunday after they learned the two boys were missing from home about the time the latter two crimes occurred.

Deadlines Set For GI Loans

Salem — UPI — The Oregon Veterans' Affairs Department said today the veteran bonding amendment approved Nov. 8 sets deadlines for applying for state GI home and farm loans.

The deadline for World War II veterans is Jan. 31, 1960. Deadline for Korean veterans is Jan. 31, 1958. There were no deadlines before.

There also are some changes in eligibility requirements that became effective Dec. 6. Second World War veterans to be eligible for loans must have served at least 90 days between Sept. 15, 1940 and Dec. 31, 1946. These dates used to be Sept. 1, 1940 and Sept. 2, 1945.

Korean vets must have served at least 90 days between June 25, 1950 and Jan. 31, 1955.

In both cases, they must have been Oregon residents at time of entry into the service, or a resident for at least two years between discharge and Dec. 31, 1960.

Stocks Go Into Early Slide; U.S. Steel Gives Up Fraction

New York — UPI — The stock market went into an early slide today.

U. S. Steel gave up a small fraction in its department, while Union Carbide dropped more than a point in the chemicals. Allied Chemical and Du Pont held steady.

Ford firmed after an easier opening, but Chrysler slipped off a bit and General Motors was unchanged. American Motors met support.

Electronics were irregularly higher, rails mixed and air crafts, vending machines and scattered specials steady to somewhat higher.
