With Rambler sales climbing, American Motors has begun a program to share with its customers the fruits of increased production and sales for the 4-month period, Dec. 1, 1960 - March 31, 1961.

Buyers who take delivery of new Ramblers or Metropolitan Bonds, (Series E) with a maturity value of from \$25 to \$125, depending upon the per cent. of Rambler's cumulative sales increase over the same period one year ago.
