Rabbit Reminder

Call it rabbit or rabbit, the Welsh had a fine idea when they put cheese in a cream sauce, served it over crackers, toast points or cubes of toasted bread. Our suggestion is that you use a super-vintage, extra sharp cheddar cheese for super eating.

Place two tablespoons butter or margarine in top of double boiler. Melt over hot water. Blend in five teaspoons flour, three-fourths teaspoon dry mustard, one-eighth teaspoon paprika and a dash of cayenne. Slowly add one cup milk and one teaspoon Worcestershire sauce. Cook and stir until smooth and well thickened. Add three cups shredded (three-fourths pound) extra sharp, aged cheddar cheese and heat only until cheese melts. Serve in any favored way.

This is good too for dunking toasted cubes of bread with fork tines, a la fondue.

Cranberry Custard

Cranberry custard is an easy-to-make, delicious dessert. Just fill sherbet glasses half full of soft custard, then spoon in two tablespoons canned or fresh cranberry sauce. Top with whipped cream if you like.

Chicken Curry of India

Climate and local supply make East Indian food styles of various groups similar though religious dietary laws affect all food habits. The native population is accustomed to very well flavored and highly seasoned food. The various curries, made differently in various sections of the country appear to nearly every visitor; are widely copied in our part of the world.

Our curry today is made with chicken; is always served with steamed rice. For each four servings, you need a good size frying chicken, disjointed.

1/2 cup butter or drippings
2 medium onions, sliced
2 to 3 cloves, garlic, minced
1 "finger" green ginger, chopped or 1 teaspoon powdered ginger
1 to 3 tablespoons curry powder
1 tablespoon chili powder
1 large frying chicken, disjointed
1 fresh tomato, sliced
1 cup chicken stock or water
1 cup cottage cheese
Salt to taste

Fry onions, garlic, ginger, curry powder and chili powder in heated fat until lightly browned. Add chicken pieces and continue cooking for 15 minutes. Stir in remaining ingredients and simmer until chicken is tender, about 40 minutes. If mixture becomes dry, add small amounts of water or broth as needed. Serve with plenty of steamed rice. For eight servings, recipe can be doubled.

Holiday Nuts Use-Up

Make the most of those holiday season leftover nuts in ways like these. Combine chopped nuts or slivered toasted almonds with combination fruit salads such as apple, orange, pineapple and bananas tossed lightly with creamy dressing. Or toss some of them in creamed tuna, shrimp or lobster Newburg, noodle casseroles and/or meat loaf.

Good Food News to Cheer You In New Year; Best Buys

You'll be eating more beef in the new year because there's more beef and that means, according to the good old law of supply and demand, that prices will be reasonable with bargains right where they've always been. The bargains are in those parts of the critter not given over to prime ribs of beef and fancy steaks. Good red meat for braising, for stewing and other methods of longer, slower cooking. And always, plenty of good beef flavor and same high proteins in freshly ground beef for hamburgers, for spaghetti, for meat balls and meat loaf. You'll find all the good specials in our market advertising columns every week throughout the year.

There are good buys in our fine - favored east - grown lamb.

Westerners eat more lamb than anybody. We roast it, broil it, panbroil it, pan fry it, braise it, simmer it and barbecue it. Lamb Shish Ke-

1950 Graduate of OSC Earns \$8,100

Corvallis - An \$8,100 salary is earned by the 1950 male graduate of Oregon State college, according to a survey of the class by the alumni office.

The \$8,100 figure is the median, or middle salary, of nearly one-half of the male class members in seven fields of study who replied to the survey.

Median salary was determined by taking the midpoint earner. Half the members of the class earn less than \$8,100 and half more. Taking the average of all graduates, the salary comes out to \$9,298.

The 10-year graduates in engineering and pharmacy both came out with a median salary of \$9,000. Figured on the average, the engineering graduate earns \$9,040 a year and the pharmacist \$13,333. A substantial number of pharmacists reported they own their own drug store and figure in the \$20,000 bracket.

In engineering, the two highest salaries were \$40,000 and \$75,000. Of all the 1950 male members reporting, the highest earning of \$90,000 was in agriculture.

Average Salary
However, the average salary for the agriculture graduate was \$8,277, but \$7,558 when the \$90,000 graduate was not included. Median for agriculture was \$7,200.

Education had the lowest median with \$7,000 and an

average of \$7,120, even though a number of salaries were reported at \$12,000 and above.

For the business and technology graduate, the median salary was \$8,500 and the average \$9,975. In forestry, median \$7,500 and average \$8,762. Science, median \$8,800 and average \$9,632.

Some of the occupations listed by the 1950 male graduates were physicist, geologist, metallurgical technician, college professor, high school principal, sales representative, purchasing agent, traffic engineer, consulting engineer, minister, public accountant, school teacher, dentist, physician, restaurant owner, insurance agent, wildlife biologist, food and dairy technologist, farmer, forest products researcher, and science and technical writer.

Astoria Firm's Merger Proposed

Honolulu—(UPI)—Plans for a financial merger of Castle and Cooke Inc., Dole Pineapple Corp. and Columbia River Packers association were announced here Thursday.

If stockholders approve the merger, the three companies will maintain their separate identities and managements while pooling financial resources.

Castle and Cooke is one of the oldest firms in Hawaii and until recently specialized in agency work for plantations and shipping.

However, it has been seeking diversification into other fields and currently owns 52.8 per cent of Dole Corp., and 60.6 per cent of Columbia River Packers.

Dole was formerly Hawaiian Pineapple Co., but changed names when it went into other food processing fields.

Columbia River Packers has headquarters in Astoria, Ore., and specializes in the packing of salmon and tuna. Other plants are in Bellingham, Wash., and Honolulu.

Reporter Assigned to Legislature Session

Portland - (UPI) - Ann H. Pearson, 24, a member of the Portland bureau staff of United Press International, has been assigned to Salem as a state capital reporter and editor for the duration of the new session of the Oregon legislature opening Monday.

Miss Pearson will work under the direction of Douglas A. Gripp, resident Salem manager for UPI.

RATE HIKE DELAYED

Portland - (UPI) - An effort by Greyhound Corp. to win a rate increase in Oregon was set back at least two weeks Thursday when Public Utilities Commission Examiner Lou Greenberg granted a continuance of the hearing on the rate request.

Two Youths Taken Into Custody Here

Two boys, ages 13 and 15, were taken into protective custody by Medford police on Thursday, one of them on charges of indecent exposure.

The 15-year-old boy admitted to police that he exposed himself to two 6-year-old girls Wednesday afternoon. The 13-year-old youth, who was also present at the incident, was technically taken into custody on a charge of disorderly conduct. He is accused of using obscene language in front of the girls.

Both boys were released to the custody of their parents and further action will be taken by juvenile authorities.

Uncle Sam, your bank, and you

How this 20-year-old partnership helps keep America strong

Since May 1941, America's banks have sold nearly 2 billion separate U.S. Savings Bonds at no cost to the Government or the taxpayers. To give you some idea of the time involved: if you merely handed out that many Bonds at the rate of 1 a second for 10 hours a day, it would take you 152 years to reach the bottom of the pile.

Why have the nation's banks and bankers carried on this vast project of information, service, and issuance of U.S. Savings Bonds?

A winning team. For one reason, the Bond Program and the Banking business have grown together. Hand in hand, they've helped make Americans the saving-est people in the world.

Another thing bankers are interested in: Bond dollars help keep America strong. A good reason for the banking business or any business to get behind the Bond program.

What you buy at the Bond window. Savings Bonds are guaranteed to grow: \$18.75 becomes \$25 in 7 years, 9 months, and grows to \$36.25 in another 10 years. If they're lost or destroyed, the Treasury Department replaces them free.

Buy and hold U.S. Savings Bonds - for the things you want, and the Peace to enjoy them.

"America's Banks are proud to be part of the Bond Program," says Carl A. Bimson, President, Valley National Bank, Phoenix, Arizona, and President, American Bankers Association.

"We believe it is good for America as an economic stabilizer; it is good for the individual and the community; and it is good for banking. The promotion of Savings Bonds has helped to make savers out of non-savers, to revitalize the American tradition of thrift, and to build savings in all forms to record levels."

"The American Bankers Association congratulates the Nation and the public on the 20-year success story of the U.S. Savings Bonds Program, and pledges its vigorous continued support."
