A Word of Appreciation!

Just eight years after David Loring, an early day railroad engineer, named Medford, Weeks & Orr's was first established. That was in 1892, only forty years after gold had been discovered at Jacksonville. Now, under the ownership of Mrs. Bert Orr and Eugene Orr, this pioneer furniture store is now celebrating its 69th birthday and the completion of nearly seven decades of progress... through the years this firm, one of the oldest in southwestern Oregon, has grown in pace with the expanding community and area. We have continually strived to serve you, our southern Oregon neighbors, well and to steadily improve our facilities and services so that Weeks & Orr might hold its place as Rogue River Valley's largest and finest furniture store. We have been proud of our friendly, personal service, the quality of our merchandise and consistently low prices, the liberal credit terms that enable you to enjoy good furniture as you pay without penalty. So, to you, our friends and neighbors, we express sincere thanks for making 1960 a banner year. And with full confidence in the future of this community, we look to 1961 as a record-breaking year!

EASY TERMS!

A small down payment and a tiny monthly sum will deliver the piece of furniture you want. We carry our own contracts so you won't have carrying charges tacked on to your bill to boost the cost. At Weeks & Orr you pay only for the merchandise. Shop and save at So. Oregon's leading furniture store!
