Hearings Open for Strikers' Benefits

Portland — (UPI) — The State Employment department Thursday opened hearings on appeals for unemployment compensation for striking employees of the Oregonian.

The strikers are appealing an earlier ruling which held them ineligible for unemployment benefits.

At stake at the hearing is an estimated \$250,000. Also pending before the department is action on appeals for unemployment benefits for striking employees of the Oregon Journal.

The Antarctic continent, covering 5,300,000 square miles, is more than half the size of all North America.

Uncle Sam, your bank, and you

How this 20-year-old partnership helps keep America strong

Since May 1941, America's banks have sold nearly 2 billion separate U.S. Savings Bonds at no cost to the Government or the taxpayers.

To give you some idea of the time involved: if you merely handed out that many Bonds at the rate of 1 a second for 10 hours a day, it would take you 152 years to reach the bottom of the pile.

Why have the nation's banks and bankers carried on this vast project of information, service, and issuance of U.S. Savings Bonds?

A winning team. For one reason, the Bond Program and the Banking business have grown together. Hand in hand, they've helped make

Americans the saving-est people in the world.

Another thing bankers are interested in: Bond dollars help keep America strong. A good reason for the banking business or any business to get behind the Bond program.

What you buy at the Bond window. Savings Bonds are guaranteed to grow: \$18.75 becomes \$25 in 7 years, 9 months, and grows to \$36.25 in another 10 years. If they're lost or destroyed, the Treasury Department replaces them free.

Buy and hold U.S. Savings Bonds—for the things you want, and the Peace to enjoy them.

"America's Banks are proud to be part of the Bond Program."

says Carl A. Binson, President, Valley National Bank, Phoenix, Arizona, and President, American Bankers Association.

The 20-year success story of the U.S. Savings Bonds Program, and pledges its vigorous continued support.
