Let's Draw a Raccoon

By Ann Davidow

A pear that's standing on its end
Can turn into a woodland friend.

Some points, a curling long festoon
Will give the shape of a raccoon.

He really ought to be in jail
Because he robs a camper's pail.

So make your final drawing task
A striped tail and bandit mask.

This Is a Snap! A Rubber-Band Trick

By Marjorie Stewart

In preparation for this trick, place a rubber band around the first two fingers of one hand, bringing it all the way down to the base of the fingers. Then double your hand into a fist, looping the inside end of the band around all four fingers across the nails.

Now for the trick:

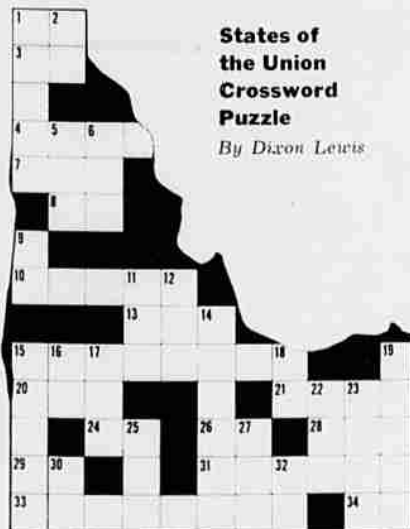

Show your fist, palm down, and with an "Abracadabra!" straighten your fingers quickly. You will startle your friends by showing them that the rubber band has magically jumped to your last two fingers! It works!
