Grants Pass School Budget Committee Cuts \$96,000 From Requests

Grants Pass — The Grants Pass city school district 7 budget committee slashed \$96,000 from school requests Monday night.

The committee recommended an increase in school lunch charges of five cents which would bring in additional revenues estimated to exceed \$13,000.

Committee members said they recognized the need for many items eliminated, however some members said current economic conditions call for paring expenditures to the minimum this year.

Biggest cut came in a request for three new school buses costing \$47,000. The committee chopped \$30,000 from this figure. The decision was made to buy one new bus and repair two older models already in use.

A 10 per cent cut totaling \$13,400 was made against overall requested supplies and school facility improvements and maintenance costs. Three school principals attending suggested additional cuts on items at their schools totaling almost \$10,000. A request for an additional instructor at a salary of \$5,850 was withdrawn.

Requests for improving various physical education facilities and construction and improvements of classrooms were denied.
