

Phil Woolpert States Desire To Coach Again

San Francisco — (UPI) — Phil Woolpert, who coached the University of San Francisco to basketball immortality and then quit because of the "tenor," said today he wants to return to coaching again.

"I'm in the market," he said after revealing he will terminate his job with a local vending company March 15.

Woolpert said the "bug" started nipping away about three months ago when news about the forthcoming season started appearing in the newspapers.

"I guess I'm fully infected now," he sighed.

Woolpert quit the game in November, 1959, after compiling a 154-79 record in nine seasons of varsity coaching at USF. High point of his career occurred when his Dons won a national championship in 1955 and 1956 while piling up a record 60-game winning streak. His teams lost 10 games in four years.

When he resigned he said "Coaching is a nerve-racking business. Although 90 per cent of my tension may be self-imposed, I have found coaching increasingly difficult. I feel I owe it to myself and my family not to continue."

A painful recurring back ailment contributed to his decision.

Woolpert, 45, is married and has five children. His wife, Mary, said she endorsed her husband's desire to return "to the game he loves so much."

Woolpert hopes he can find a new position when he attends the national coaches convention in the middle of March.

Duckling, Rook Cagers Clash

University of Oregon, Eugene-Oregon's freshman cage team renews its rivalry with the Oregon State Rooks with a pair of games set for 6 p.m. as the preliminary affairs for the varsity encounters at Corvallis Friday night at McArthur Court Saturday.

The two teams have met once this season with the Rooks taking the decision on the neutral Roseburg high court as Mel Counts broke open a tight game with a second half scoring flurry.

The Ducklings now have an 8-2 record for the year while the Rooks have won six of nine starts.

Burleson Wins Again

Dunedin, N.Z. — (UPI) — Oregon's Pyrol Burleson, running with his usual last-minute kick, defeated New Zealand's Murray Halberg in the mile Wednesday.

Burleson's time was 4:01.2. The race was run on grass. Halberg, who won the 5,000 meters at last summer's Olympic games at Rome, was clocked in at 4:03.6.

Halberg led most of the way but couldn't hold on against the Duck runners powerful burst of speed near the finish.

It was Burleson's fourth victory in four mile and 1500-meter starts in New Zealand.

Kid Paret Will Fight Griffith

New York — (UPI) — Benny (Kid) Paret, Cuba's perpetual-motion mauler, will defend his world welterweight crown against slick young Emile Griffith of New York at the Miami Beach Convention hall, Saturday, April 1.

The match was made secretly Wednesday.

In his second defense of the 147-pound title, Paret will face the speedy, sharp-punching challenger who already has beaten two of the best Cuban fighters to come along in years — explosive Florentino Fernandez and "Lightnin'" Luis Rodriguez.

Promoter Chris Dundee of Miami Beach expects the nationally televised Paret-Griffith 15-rounder to draw a live gate of at least \$40,000. Terms of the match will be announced as soon as certain TV-money details are straightened out.

Griffith, who'll be 23 Friday, is ranked top contender by the National Boxing association. And he's considered such a box office attraction that champion Paret has agreed to replace Emile in a Los Angeles fight against Mexican Gaspar Ortega on Feb. 23, lest Griffith lose any of his lustre as a challenger.

Paret, also 23, will not be risking his championship in the nationally televised 10-round with Ortega.

Try and Stop Me

By BENNETT CERF

MARC CONNELLY recalls the evening Robert Benchley teetered over to a very fancily attired gentleman and ordered, "Please call me a taxicab." "Sir!" exploded the gentleman, "I'll have you know I am a full admiral in the United States Navy."

"My error," conceded Benchley. "Call me a battleship."

Just about the darestest jokes in the world are the accounts of hooched-up husbands trying to sneak into bed without arousing their terrible-tempered wives. One of the better ones, however, concerns the wily party who paused en route in the kitchen and laboriously tied all the pots, pans, and trays he could find to a rope. He then proceeded upstairs, dragging the rope behind him and muttering happily, "She'll never hear me in all this racket."

"Two of my rabbits," writes Tillie Schnibbe, "went off into the woods last week. It was a hare-raising experience."

7 Million Workers Get Wage Increases

Washington — (UPI) — Nearly 7 million workers, or 85 per cent of all those covered by major collective bargaining contracts, got wage increases last year.

The Labor Department reported that a shade more than half the workers received raises averaging less than nine cents an hour, according to

preliminary estimates. Twenty per cent more, about 1.4 million, gained between 10 and 11 cents, the department said Wednesday.

Christchurch, N. Z. — (UPI) — Fire destroyed two buildings at the American base on Ross Island Antarctica today, but no one was injured.

Athletics Purchase Pignatano

By FRED DOWN

United Press International
The Kansas City Athletics solved their catching problem and the Baltimore Orioles may have solved part of their power problem in separate deals with the Los Angeles Dodgers.

"I now feel much better about our catching staff," said General Manager Frank Lane after the Athletics purchased Joe Pignatano to relieve one of their most pressing needs. Pignatano, 31, is rated among the strongest throwing catchers in either league.

In 58 games with the Dodgers last season, Pignatano batted .233.

The Orioles, who think they can win the 1961 American League pennant if they get more punch into their attack, acquired ex-Star of the Chicago Cubs, Esigian, a Dodger hero in the 1959 Series. Esigian connected for two pinch homers against the White Sox but last season batted only .215 in 52 games for the Dodgers.

Angels Acquire Morgan

The Los Angeles Angels also swung a deal with the Minnesota Twins to acquire 30-year-old right-hander Tom Morgan. A 200-pound native Californian, Morgan had a 4-5 record with the Washington Senators last season. He is the 14th pitcher on the Angels' spring roster.

General Manager Buzzie Bavasi announced the signing of infielder Jim Gilliam and said the Dodgers now have 18 players signed. Gilliam led the Dodgers in runs scored and walks in 1960.

Bob Skinner, the Pittsburgh Pirates' rangy outfielder who hit .273 in 145 games last season, agreed to terms for the 1961 season after a telephone conversation with General Manager Joe L. Brown.

Skinner, the 14th Pirate to sign for '61, told Brown from his San Diego, Calif., home that he is in good condition and has been working out daily for the past month.

"I'm looking forward to the 1961 season with lots of enthusiasm," Skinner told Brown.

There was plenty of action on other contract-signing fronts Wednesday as:

—The New York Yankees signed catcher John Blanchard and Jesse Gonder, bringing their satisfied list to 10.

—The St. Louis Cardinals brought their satisfied list to 29 with the signing of shortstop Daryl Spencer.

—The San Francisco Giants announced the signing of right-handed pitchers Jim Duffalo, Dick Denton and Ray Feldman. The Giants have signed a total of 17 players.

—The Cleveland Indians signed third-baseman Bubba Phillips and rookie pitcher Bob Allen. Phillips hit .207 for Cleveland last season while Allen had a 16-11 record for Mobile in the Southern Association.

The Washington Senators brought their satisfied list to 23 players with the signing of pitchers Carl Mathias and Joe McClain, infielders John Schaeze and Jim Mahoney and catcher Gene Green.

Contract for Park Mess Hall Planned

A contract for operation of the government mess hall at Crater Lake National park will be completed soon, according to Superintendent Otto M. Brown. The hall will be in operation from approximately June 1 through October.

It is equipped with an oil burning range, dishwasher, refrigerators, tables and most of the necessary utensils. Lights, fuel, water and living quarters will be furnished for the operators without charge.

Employees eating at the mess hall will vary from around six at the beginning and end of the season to about 50 during July and August. A man and wife have proven ideal for operators of the facility during past seasons, Brown said.

Anyone interested in negotiating for the operation should contact the National Park Service, room 307, Federal building, Medford, for complete information.

MARDI GRAS BEGINS

Mobile, Ala. — (UPI) — The 130th Mardi Gras season celebration in Mobile begins today, but city officials have banned confetti-tossing for the second consecutive year because it is too hard to clean up. Seventeen parades are scheduled for the 12-day celebration which ends at midnight, Feb. 14, start of the Lenten season.

Car-Train Accidents Are Mainly in Cities

Medford Police Chief Charles P. Champlin said today that figures compiled by the state department of motor vehicles reveal that all but 23 of the state's 131 car-train mishaps during the first six months of 1960 took place in cities.

Four of these were in Medford, one resulting in an injury.

This would indicate, he said, that city drivers, such as those in Medford, should check carefully before crossing train tracks. City drivers tend to be more careless about grade crossings than do drivers in rural areas, he said.

All the warning signs and flashing signals in the world will not prevent car-train accidents, he said, if drivers fail to be alert. He also cautioned drivers against trying to "beat" a train across the tracks. There is only one loser in this kind of race, he said.

Although 41 persons were injured in car-train accidents in the state during the six month period, the only reported fatality was in Springfield.
