Major Crimes in Medford Increase Over Last Year

Major crime in Medford continued on its upward trend during January.

The police department's monthly report shows that 136 major crimes were reported last month, an increase of 37 over the total reported in January, 1960.

But, the department's success in solving these crimes also increased last month. Of the 136 crimes reported, the department cleared 36, or 26.5 per cent. of them.

Included among last month's major crimes were one robbery, 13 burglaries, 119 larcenies and three auto thefts.

"Sure, I bank at U.S. - doesn't everybody!"

If you were to ask this young fellow why he chose U. S. National, you'd probably hear several reasons. Chances are his folks banked with US - we've been serving Oregonians since 1891. And more than likely he'd say there's a convenient branch in his neighborhood - in fact, there are more than 75 U. S. National offices throughout Oregon. But one thing he's sure to mention is the friendly, personalized service at U. S. National. Sure, all banks say they're friendly - but it's more than a word with US. It's a fact! Stop in soon and get acquainted. You'll find U. S. National is "your kind of bank."
