OUT OF JOB—Hjalmer Anderson, above, says he's a good American even though he is out of a job because of his refusal to sign an anti-Communist loyalty oath. Anderson, who has worked the last few years without pay, resigned his job as janitor in an Evanston, Ill., school, a job he held for 30 years. Illinois law requires all school employees to sign the oath. Anderson refused as a matter of principle.

Lenten Message

By THE MOST REV. WILLIAM A. SCULLY Roman Catholic Bishop of Albany, N.Y. (Written for UPI)

The season of Lent recalls to our minds that Jesus Christ, the Son of God, calls all men to prayer and penance. The Catholic church teaches that sin is an offense against the Divine Majesty, and merits punishment not only in this world, but in the world to come.

Yet in spite of our unfaithfulness and numberless sins, a merciful God has decreed that if we pray, fast and do penance we may atone for our sins, and obtain pardon. Moreover, in His bountiful goodness there is no limit to His generosity.

Before beginning His public ministry Our Blessed Lord retired to the desert to pray and fast for forty days and nights. In this He set a pattern for us, "unless you do penance, you shall all likewise perish."

The Church repeating the self-same words of the Divine Teacher urges all to turn away from their sinful ways and to turn back to God through atonement, mortification and prayer.

This then is the will of God—that all men may be saved. For this purpose came Christ into the world—for this He died upon the cross—that we may have life—eternal life.

Hearken then to the Lord speaking through the prophet, Joel: "Be converted to Me with all your heart, in fasting, and in weeping, and in mourning; and rend your hearts and turn to the Lord your God." (Joel II, v 12, 13). The daytime of life is short—eternity is long.

Camp Fire Girls Lose Union Help

Portland—(UPI)—The Camp Fire Girls' annual candy sale will be carried on here this year without union support.

Camp Fire Girls' spokesmen said the sale is victim of a "provincially" inspired boycott because the girls are buying their candy from a California firm.

Austin J. Haughey, director of the Union Label Committee, said the girls' organization is not on a list of any kind.

"We're just not buying their candy. They're not 'listed' anywhere, though," he said.

Haughey said that before the committee always put on a display for the girls and called the ladies auxiliary to help.

"Now," he said, "I'm just not advertising them at all. They're taking Oregon money to California and putting a lot of people out of work in Portland."

Betty Sale, executive director of the Portland Area Council, said that some 9,000 Camp Fire, Bluebird and Horizon girls are prepared to start their candy sale April 13.

The California firm, she said, now sells to about 70 Camp Fire councils in the United States and bid one-and-one-half cents cheaper per box than other companies.

Iran's population of 19,700,000 is largely of Indo-European stock, mostly speaking Persian.
