

Medford Doctor Speaks at Gold Hill PTA Meeting

Gold Hill—Dr. Earl Lawson, Medford, radiologist, was guest speaker at a cancer education program in Gold Hill Monday night.

Nearly 100 adults attended the event which followed a meeting of the Gold Hill Parents-Teachers association in the multi-purpose building at Patrick Elementary school.

Dr. Lawson used slides to demonstrate his talk on the use of x-ray in the diagnosis of cancer. In most cases the treatment of choice is surgery, he said, and emphasized that an early diagnosis means a better chance for an early cure.

He showed a chart that indicated the percentage of specific types of cancer in both men and women.

The program was arranged through the combined efforts of the Health unit and PTA. Past Presidents Honored

Past presidents of the unit were honored during the evening's activities. Among those present were Mrs. Floyd Lance, first president of the local PTA, Mrs. C. Norman Gail, H. D. Force, and Mrs. Ogden Kellogg. Mrs. Donald Meister, program chairman, spoke a word of recognition to them and about Founders' Day. Later they were each given a miniature decorated Valentine cake on behalf of the unit and seated together at a table for the social hour.

The nominating committee presented its slate of officers. Election will be held at the next meeting March 13. On the nominating committee were Mrs. Paul Thompson, Mrs. Delos Walker and Mrs. Clyde Kell.

Marvin Throne, school music teacher, announced that the annual spring music festival will be presented on that date.

Cook Book Project
Mrs. Kenneth Fluck, ways and means chairman, reported on the cook book project. They will sell for \$1 each and will contain the favorite recipes of families who have children at both Patrick and Hanby Elementary schools.

Funds will help to meet budget expenses for the PTA. Orders are now being taken by Mrs. Delos Walker and Mrs. Paul Molloy. Others assisting Mrs. Fluck with the project are Mrs. Ogden Kellogg and Mrs. Walter Dye.

The safety committee reported that many parents are concerned about the existing hazard for school buses at the Fourth street railroad crossing. It was stated that when box cars are parked near the

crossing the driver's view of the tracks is blocked.

According to information received by the safety committee last year from the state public utilities commissioner further complaints of such hazardous conditions or operations should be referred to the superintendent of the Southern Pacific railroad in Portland.

It was stated that a copy of such letter should be sent to the director of transportation of the public utility commissioner's office, Salem. It was suggested that a copy also be sent to the trainmaster at Medford for his attention.

Full Details
Letters may be sent to the safety committee. The safety committee has stressed that when making a complaint of a possible hazard, the person must note the full details in writing as to the train or engine number, direction of travel of the train, time of day, and date of month, and condition.

Parents who are aware of a particular thing that they feel could be a hazard to students are asked to contact the safety committee chairman, Mrs. Kell. The information would be forwarded to proper channels for consideration.

Music was provided for the program Monday evening by students of the Hanby school band directed by Marvin Throne and several vocal numbers by the chorus. Mr. Throne played the piano. A film was shown for the students in another building.

Decorated Valentine cookies were furnished by members of the Health unit, and beverages were provided by mothers of fourth graders.

Hostesses for the evening were Mrs. Clarence Parsley, Mrs. Delos Walker, Mrs. Arthur Boye, Mrs. Ted Schoenemann, Mrs. Jose Corona, and Mrs. Jack Arnold.

Mrs. Gail, cancer education chairman for the unit, was in charge of arrangements. Mrs. Jerry Harrington, PTA president, presided.
