Church Women Oppose Juveniles Buying Tobacco

Salem — (UPI) — The United Churchwomen of Oregon have gone on record against a bill that would allow youngsters under 18 to buy cigarettes without their parent's consent. The superintendents of Hillcrest School for Girls, MacLaren School for Boys and the State Correctional Institute spoke in favor of the measure, HB1312, subject of a House Judiciary Committee hearing. The bill was requested by the state Board of Control and its primary purpose is to allow teenagers in Correctional schools under 18 to smoke. **1955 Law Repealed**
The main argument was that the law forbidding sale of tobacco to those under 18 is not enforced "on the outside" and young wards of the state should be allowed to smoke if their parents or guardians approve. Oregon passed a law in 1955 allowing teenagers to buy cigarettes with written consent but this was repealed in 1959. Mrs. Ralph H. Mort of Portland, representing the Protestant Churchwomen, reminded the committee that the law would not pertain only to youngsters in correctional schools, but all the state's young people. Mrs. Mort said even a stronger law that would prohibit young people from smoking in or out of the home "would be worth discussing." **Dellenback Concerned**
Rep. John R. Dellenback (R-Medford) and Rep. Edward Fadeloy (D-Eugene) expressed concern over this and said there is a question as to whether the legislature could pass such a law cutting into what is supposed to be parental supervision. Mrs. Mort, who said her group has 32 councils throughout Oregon, suggested that what is needed in the institutions is an "educational program" to make youngsters more aware of "ill effects" of smoking. She said if there was a choice, she would rather see the bill allow youngsters in institutions to smoke than open up purchase of cigarettes to all young people.

Clackamas River Eats at Residence

Carver, Ore. — (UPI) — The Clackamas river east of here today continued to eat away at the backyard of a home, threatening the building. Recent high water has resulted in erosion to the Simple Road area. The Merle Beatty family evacuated their home Saturday. Thanksgiving floods last year apparently led to the present crises. Floods then washed away two cottages. The high water is flowing in a channel that once was only a slough but has enlarged gradually. It lies to the north of the main river channel.

State Police Called To Two Accidents

A cat, possibly a black one, ran in front of a car on the South Pacific highway, north of Central Point, and caused a two-car collision early Sunday morning. Stuart Dale Alexander, Murphy, Ore., told state police he swerved to miss a cat and his car was struck in the rear by one driven by Jack William Emmons, Central Point. A one car accident occurred later in the day on Table Rock rd. near Hamrick rd., state police said. A car driven by Richard Enice Tervorse, 28, of 1184 Morrow rd., Medford, was travelling north on Table Rock rd. about 40 miles an hour following another vehicle. The lead car slowed suddenly and Tervorse applied his brakes and swerved to the left to miss a collision. The Tervorse car skidded onto the shoulder and rolled down a seven foot embankment, landing upside down, state police said. No injuries were reported.
