Glimpses at Glamour

From DOROTHY ELLIOTT

Blessings on these little girls! Even you small first graders can have curly hair these days. With the help of the chemists, we now have permanents that will bring magic to the hair of ALL girls... from six to sixty-six... Grandma, too!

In the trained hands of a good operator, Professional Permanents can be extra gentle these days. No little girls need to feel plain because there's a type of permanent suited to her hair just as well as to her mother's.

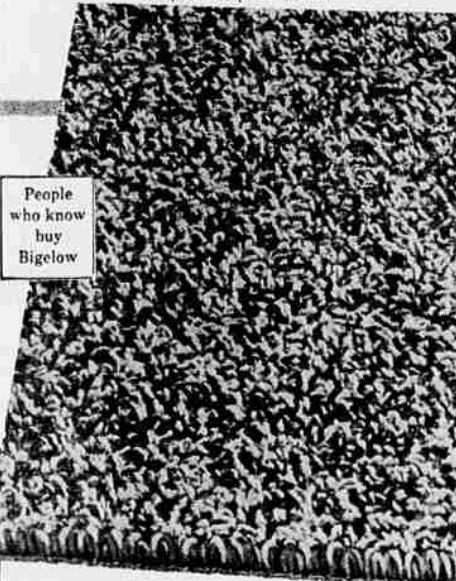

If Grandma's hair needs special handling... there's an extra gentle one for her, too. So... when you call... make appointments for all the ladies in the family... Now wouldn't that be fun!

'Sheer perfection' takes away that shorn look. At De-Na's Beauty Salon we have five operators who are specialists in hair styling, so call us at Spring 2-2096 for a spirit-lifting styling.

"When I was your age we didn't walk around on soft Bigelows and touch the old man for dollar bills."

Dad's right. Times have changed! But the fact is, kids do grow up in a home-ier, more comfortable and relaxed atmosphere when you have deep, cozy Bigelows on the floors. See our New Array of Samples in our Large Carpet Department.
