How to Woo a Wife

*Don't fluster me with flowers,
Don't prance me out to dinner;
Don't dance with me for hours—
Just say you think I'm THINNER.*

A house divided against itself
should have two television sets.

—D. O. Flyna

Billy, age 12, was suddenly smitten with a class-mate, and announced on Friday afternoon that he was going to phone and ask her to the movies that night. His mother was horrified.

"You don't call a girl in the afternoon and ask her for a date that night," she said. "It's insulting! You should call a week ahead of time."

"A week!" Billy exclaimed.

"Well," she said, relenting a bit, "at least not later than the Monday before your weekend date."

"Monday!" Billy said. "But, Mom, I couldn't ask her Monday. I didn't even like her until Wednesday!"

What Ever Happened to Summer Vacations?

Dear Mr. Wilcox:

I am answering your letter to Mr. Owens, our purchasing agent, inquiring whether we wish at this time to place an order with you for 1,000 218JJ spindles. Unfortunately, Mr. Owens is on his annual vacation and will be spending the next three weeks skiing in Canada. I apologize for not replying sooner. My regular secretary, Miss Ellender, is on a Caribbean cruise, which she always takes this time of year, and her substitute only recently discovered your letter.

Mr. Leonard, our assistant purchasing

agent, might also have handled this, but he is currently mountain climbing in Switzerland. I suggest you write me the middle of next month, and I may have something for you. Until then, I shall be away at Lake Placid, where I intend to take my customary figure-skating lessons.

Very truly yours,
Parke Cummings

P.S. In the future, I would suggest that where business of major importance is concerned, you contact us in July or August when all our staff is on hand.
