

Asthma Relief in Seconds!

AsthmaNefrin®

**A Breath of Life
for Asthma
Sufferers!**

Provides relief in seconds
Stops asthma attack
Helps restore normal breathing
Faster and safer than tablets

ASTHMANEFRIN acts over 100 times faster than any tablet you take; it goes to work instantly to restore normal breathing even faster than painful injections. As your doctor will tell you, any tablet must first dissolve in the stomach, work its way through the bloodstream before it can reach your lung tissue and give some relief. This takes time — twenty to forty minutes.

However, when you inhale ASTHMANEFRIN, using the ASTHMANEFRIN Nebulizer, the medication goes right to the trouble spots. It instantly goes to work relaxing the bronchial tubes, opening the air passages and eliminating blockage . . . to relieve the attack and restore normal breathing.

Like hundreds of thousands of others who have benefited from this remarkable product, you will be amazed that relief can be obtained so quickly and so completely. So, if you have asthma, don't let another day or night go by without the blessed relief and wonderful feeling of security that only ASTHMANEFRIN can give you.

ASTHMANEFRIN is easy to use . . . convenient to carry. Medically endorsed ASTHMANEFRIN is so safe—no prescription is necessary. So effective — it is guaranteed to give you complete relief or your money will be fully refunded. Available at drug stores. © DICKER LABS., 1960

KITTEN CAPERS

Curiosity may kill
cats, but kittens
seem to thrive on it.
Probably that's

because cats get into trouble but kittens only
into mischief. That's what famed animal

photographer

Walter Chandoha found

when he recorded

this encounter

between a kitten

and a brandy glass.

The glass looked

like a good place

to curl up—

until the kitten

decided he didn't

like life in a goldfish bowl.

Out he hopped, maybe to
return another day when
the glass is filled.
