BERNARD BARUCH introduced a man at the next table in a New York restaurant to his visiting friend, Winston Churchill. "I noted that he called you by your first name," said Mr. Churchill. "I should think he would," said Mr. Baruch. "I've known him since he was in diapers." "Ah," nodded Mr. Churchill. "And just where is Diapers?"

In darkest Philadelphia, a judge regarded a housewife with admiration and amazement, and said, "Madam, I cannot get over a frail little lady like you having the courage to attack a burglar, and in the pitch dark at that." "I didn't know it was a burglar," admitted the housewife sheepishly. "I thought it was my husband."

Auto Industry Idles 83,000 Men

Detroit—(UPI)—More than 83,000 auto workers began a one-week layoff today in another in the long series of production cutbacks by car makers.

New car sales in the first 10 weeks of 1961 have failed to dent the mammoth million-car inventory in auto dealerships across the country and the industry's top three, General Motors, Ford and Chrysler, announced layoffs for this week only at 33 plants.

GM furloughed 58,200 workers, Ford idled 13,400 and Chrysler laid off 11,500. The layoffs will result in a production drop to about 75,000 units this week, according to Ward's Reports.

Small Worlds Around Us

By Lynn M. Watkins (Register and Tribune Syndicate 1961)

The Vulnerable Little Ground Dove Also is Fearless

Throughout the coastal plain and low country of the southern states, especially in Texas, as well as in Mexico, is the range of the little ground dove, the smallest member of the pigeon family.

A gentle little short-bodied bird that spends nearly 90 percent of its life on the ground. The bird is so nearly earth-bound that it seems reluctant to fly at all, in spite of the fact it is actually a fast and graceful flyer.

Living as it does, right on the earth's surface, its enemies are many and varied. It exists in the danger zone, where every animal of prey prowls and feeds, where sudden floods can destroy its nest and eggs, where even the wind is a constant threat. Even the man or boy with the club or a stone can snuff out its little life.

Duncan Proposes Amendments for Reapportionment

Salem—(UPI)—House Speaker Robert Duncan of Medford today proposed amendments which would give more representation in the legislature to the greater Portland area.

He told Rep. George Annala (D-Hood River) that Multnomah, Washington and Clackamas counties have legitimate claims for additional representation because of increased population. Annala's House Elections committee expected to take final action this afternoon on a legislative reapportionment plan.

For the Senate, Duncan suggested that Polk county's seat be turned over to a joint Washington-Multnomah district, with other seats in the latter two counties unchanged.

Could Be Combined
 Polk county, he said, could be combined with Lincoln and Tillamook rather than Yamhill.

For the House, Duncan agreed with putting a former Yamhill-Washington joint seat in Washington county exclusively.

The speaker also suggested that instead of giving another seat to Clackamas alone that it be made a joint Clackamas-Multnomah seat.

He said his changes would minimize the impact on Eastern Oregon, which stands to lose representation to more populous Western Oregon.

Nixon Not Planning To Be Candidate for Governor in 1962

Sacramento—(UPI)—What are Richard M. Nixon's plans for the future?

Will he run for governor of California next year? Will he seek the presidency in 1964 or 1968? What will be his mission in the years ahead as a politician and perhaps the leader of the Republican party?

—While he intends to practice law in Los Angeles he will devote a substantial part of his time to building the party in California and the nation. He says he is used to working 16 hours a day and intends to put in a full day at the office and spend the other eight hours in politics.

The former vice president, making his return to politics after his defeat by President Kennedy last year, undertook to answer these questions and many others in conversations with legislators, party officials and newsmen at the California GOP Central Committee meeting during the week end.

Do FALSE TEETH Rock, Slide or Slip?

PASTETECH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No stinging, sooty, nasty taste or feeling. PASTETECH is alkaline (non-acid) Does not sour. Checks "plate odor" (denture breath). Get PASTETECH at any drug counter.

Not Candidate

Nixon made these points: —He is not a candidate for governor in 1962, he does not intend to be one and he will do nothing to encourage a draft. Definite as that statement is, several GOP leaders said Nixon cannot be counted out of the race against Democratic incumbent Edmund G. Brown. If the party cannot develop a strong candidate, the pressure will become great to compel him to run against Brown.

—As for 1964, a presidential election year, Nixon feels that whether he will be a candidate then or in 1968 depends on events which no one can predict. He is not willing as some GOP leaders are, to concede that Kennedy is a shoe-in for reelection in 1964. Events and history, he says, will determine that.

LEGAL NOTICES

NOTICE OF FILING APPLICATION FOR A CHANGE IN PLACE OF USE AND POINT OF DIVERSION OF WATER

Notice is given hereby that Oregon State Highway Department has filed an application for the approval of a change in place of use and point of diversion of water from Rogue River.

Certificate of water right issued to George Laid and recorded at page 1794, Volume 3, State Record of Water Right Certificates, contains a right under Permit No. 949 to the use of the waters of Rogue River for the irrigation of 14 acres in the SE 1/4, SW 1/4, Sec. 22, T. 36 S., R. 4 W., W.M., with a date of priority of November 7, 1911. These lands are irrigated by means of a pumping plant, the point of diversion of said plant being located 10 ft. N. and 120 ft. W from the S 1/4 corner of Sec. 22, being with the SE 1/4, SW 1/4, Sec. 22, T. 36 S., R. 4 W., W.M.

The applicant herein, owner of the land above described, proposes to transfer the water right therefrom, without loss of priority, to 14 acres in the SW 1/4, NW 1/4, and 6 acres in the NW 1/4, SW 1/4, Sec. 25, T. 36 S., R. 4 W., W.M., and to a point to be located 415 ft. S. and 855 ft. E. from the W 1/4 corner of Sec. 25, being within the NW 1/4, SW 1/4, Sec. 25, T. 36 S., R. 4 W., W.M.

All persons interested are notified hereby that a hearing will be held at the county courthouse at Medford, Oregon, on May 3, at 9:30 a.m. All objections to the proposed change in place of use and point of diversion of water shall be heard at said time and place. Any objections shall be prepared in writing, one copy to be served on Oregon State Highway Department, Salem, Oregon, together with a \$2 filing fee, at least 10 days prior to the date set for hearing. If no objections are filed, the application may be approved by the State Engineer without a hearing.

Dated at Salem, Oregon, this 1st day of March, 1961.
 LEWIS A. STANLEY,
 State Engineer.

Passengers Injured

Long Beach, Calif.—(UPI)—Five of 13 passengers aboard a roller coaster car were injured Sunday night. The car lost its front wheels speeding down a 60-foot slope in the Nu-Pike Amusement Park.

The car remained on its tracks, preventing what police said could have been a much more serious accident.

Two of the injured, Joseph L. Du Plantis, 17, and Dallas R. Clark, 18, were trapped in their front seats for 40 minutes by twisted metal of the car which had been crumpled on impact with the rail. Police rescue squads had to cut them out and carry them away on stretchers. Du Plantis is in serious condition.
