

SUB-COMPACT ENTRY — Studebaker-Packard's entry in the sub-compact derby will look like this artist's conception, according to Motor Life magazine. The car was described as a 4 to 5 passenger air cooled job with a rear engine and a 100-inch wheelbase. Speculation is that the car will have a 65 to 75 horsepower, four cylinder engine. It is expected to appear next fall with a probable price of under \$2,000. (UPI Telephoto)

Nez Perce Dam Fish Harm Told

Portland — (UPI) — Building the proposed Nez Perce Dam would destroy salmon runs into the Salmon river, Dr. J. A. R. Hamilton, fisheries biologist for Pacific Northwest Power Co., said during cross-examination at Federal Power Commission hearings here Wednesday.

It was the third day of FPC hearings on rival applications to build dams on the middle Snake river. The Portland hearings center on fish passage facilities.

Hamilton was cross-examined by Mrs. Evelyn N. Cooper, chief counsel for Washington Public Power Supply System, applicant for a license for the Nez Perce.

Hamilton said he believes the facilities designed for the High Mountain Sheep Dam permit the proposed PNP dam to be built without substantial damage to the fishery resource.

PNP wants to build the Mountain Sheep above the mouth of the Salmon river.

POPE LEADS PROCESSION — Pope John XXIII adjusts his ermine-trimmed velvet cap as he prepared to lead a Lenten procession in St. Joachim's church in Rome. Each Sunday during Lent the pope visits a church in a different district of Rome. He is being assisted by Papal Assistant Msgr. Dante. (UPI Telephoto)

Hamilton said the construction of higher dams has created problems in maintenance of the fish runs.

523 Deer Killed on Illinois Highways

Springfield, Ill. — (UPI) — More deer and more traffic add up to more deer killed on Illinois highways, according to William T. Lodge, director of the Department of Conservation.

In 1960, conservation officers reported 523 deer were killed on Illinois highways. Many more were hit and not recovered. The 1960 highway deer kill was 46 per cent higher than the 477 killed on the highways in 1959.

Indonesian Child Carries Texas Name

San Antonio, Tex. — (UPI) — Bezar county, home of the Alamo City of San Antonio, has received recognition by the Indonesian army — in a roundabout sort of way.

It seems that an Indonesian soldier on his way with 1,500 United Nations troops to the Congo, heard his wife was having a baby. Since he was being transported on the USS Bezar, named for the Texas county, he sent word to his wife to name the child Bejardity, or Son of Bezar.

NEXT QUESTION, PLEASE

Dayton, Ohio — (UPI) — The job applicant at the National Cash Register Co. figured he should be paid for his work. In the space on the application form following the words, "salary expected," he wrote, "yes."

LUMBER MILLS

Spokane — According to government estimates there are more than 50,000 lumber mills in the United States now engaged in commercial production.
