

Canadian Poet To Teach Course At University

Eugene—A Canadian poet and English professor will teach creative writing as a visiting professor in the University of Oregon's English department during spring term.

He is A. Earle Birney, professor of English in the University of British Columbia, Vancouver, B.C.

This will not be Birney's first teaching experience in this country. In 1927-30 he was a teaching fellow at the University of California and from 1930-32 and from 1933-34 he was an English instructor at the University of Utah. Between the two sessions he was at the University of Toronto, where he returned in 1936.

Birney went to England under a Royal Society of Canada Travelling Fellowship from 1934-36. Following this he took a position as assistant professor at Toronto. He went to the University of British Columbia in 1946. Since that time he has held two fellowships which took him overseas. The first of these was in 1953 when he went to France under a Canadian Government Overseas Fellowship. Again in 1958-59 he was in England under the Nutfield Foundation Fellowship.

Giving special lectures, poetry readings and short courses in creative writing have also been a part of Birney's work. He is a writer of note with four books of poetry, two novels, and many articles published under his name.

In 1952, Birney received the Barestone Poetry Award. He won the Lorne Pierce Medal for Literature in 1953.

A graduate of the University of British Columbia, Birney received his masters and doctor of philosophy degrees from the University of Toronto.

Creswell Youth Injured by Log

Coos Bay—(UPI)—Carl Collins, 13, Creswell, was injured Tuesday on the Cape Arago beach when a large wave rolled a log over on him.

The boy is here for the State 4-2 high school basketball tournament. He was playing with a companion when the accident occurred. He apparently was astride a log when a large wave rolled the log over on top of him.

He was taken to Coos Bay hospital with a basal skull fracture and is under observation.
