*Varieties personally selected by our experts as being suitable for most parts of the U.S. In severely cold climates, check for hardiness. Blooms illustrated are reasonably accurate as to shape of varieties named although they may vary because nature often turns out tints and shapes found nowhere else. While not antiseptized, should we sell out one or more nursery grown varieties, we may include instead any equally suitable planting stock, nursery grown or native collected wild of equal or greater beauty. EVERGREENS—in extremely hot Southern Climate check for growth ability. OUR 3 Way Guarantee protects you.
