Kennedy Programs Face Test in House

Washington — (UPI) — Two more of President Kennedy's "New Frontier" programs faced critical House tests today. The House Rules Committee was scheduled to consider a \$384 million bill to aid depressed areas, similar to a measure already passed by the Senate. The rules group also planned to take up a bill which would continue the President's authority to carry out reorganization plans in the executive departments. House leaders hoped for floor action on both bills before the end of the week, along with passage of the Treasury-Post Office appropriations bill, first of the regular money measures.

This would be a Luxury to millions overseas

A bottle of milk, a loaf of bread, a potato—all the basic foods we take for granted—would be a luxury to millions of people overseas. The problem of food is but one. So is clothing, shelter, the lack of equipment to build lives anew. These problems touch people of all ages, races, colors—the victims of displacement, earthquake, poverty, flood, famine . . . war.

How can you help? Give support to the generous aid programs of your religious faith. These programs provide food (yes, even milk), tools, clothing, homes, jobs, farm machinery, education and technical training. When your religious faith makes its appeal—give generously—you give hope to millions!

Belgian Premier Resigns Following Setback at Polls

Brussels, Belgium — (UPI) — The government of Premier Gaston Eyskens resigned today as the result of a heavy setback to his Social Christian party in national parliamentary elections.

Eyskens, whose party had been blamed for disastrous developments in the Congo and the resultant economic repercussions at home, handed his resignation to King Baudouin at Laeken Palace shortly before noon.

He had headed the coalition Social Christian-Liberal party government since November, 1958.

An official announcement said the king accepted the resignation and asked Eyskens to continue handling current affairs until a successor is named.

Long Turmoil Seen

Political experts predicted the resulting government crisis may be one of the longest and toughest in this country's history. No one party emerged from the elections strong enough to govern on its own.

Eyskens announced that seats in the new 212-member lower house would be distributed as follows: Social Christians 96, down 8; Socialists 84, unchanged; Liberals 20, down 1; Communists 5, up 3; Flemish Peoples Union 5, up 4; Independents 2, up 2.

The final official results on the popular totals showed: Social Christians 41.46 against 46.49 per cent in the 1958 general elections; Socialists 36.73 against 35.79; Liberals 12.32 against 11.05; Communists 3.11 against 1.89; Flemish Peoples 3.41 against 1.98.

Smelt Champion Gulps 125 Fish

Kelso, Wash. — (UPI) — The world's smelt-eating championship Sunday went to Frank Johnson, a 41-year-old Kelso logger, after he swallowed 125 fish.

The women's title went to Mrs. Katherine Taylor, who ate 44 smelt.

Johnson beat 13 other competitors for the title at the Eagles hall here near the Cowlitz river where the fish were caught.

More than 8,000 fish were used in the contest.

Last year's title holder, Dave Daily, managed to eat only 121 smelt.

WIN PATSY AWARDS

Hollywood — (UPI) — A horse and a dog have captured the American Humane Association's 11th annual awards as the best animal "actors" of 1960. King Cotton, the horse in the movie "Pepe," and Spud, the dog in the TV series "My Three Sons," were the Patsy winners at the awards presentations Saturday night.
