Two Youths Stopped En Route South

Ashland - Two 13-year-old Medford boys were stopped by Ashland police Monday afternoon as they were headed for California.

Police Chief Herb Hays said the boys had pack sacks and planned on caddyng at public golf courses in southern California. They had walked part of the way to Ashland, and planned on traveling to California by bus, Hays indicated.

Ashland police took the boys to the Jackson County Juvenile Detention home.

The program is directed by the Transcribers Society for the Blind, which makes braille books by employing the blind themselves to copy the books by hand, thus furnishing needed employment to many blind transcribers. After these books are bound they become a part of a large National Library, and are sent out by mail free to any blind person in the United States and Canada.

The Transcribers Society also organizes and sends out worthwhile programs by the blind to publicize its work. The public is invited to attend the program.

HOPEFUL OF SOLUTION—Democratic Congressional leaders said after meeting with President Kennedy that they are "very hopeful" for a satisfactory solution to the Laotian crisis. House Speaker Sam Rayburn, left, is shown as he expressed the view, which was endorsed by Senate Democratic Leader Mike Mansfield, right, to newsmen at the White House.
