

16 A Export of Oregon Logs Prohibited In House Measure

Salem — UPI — The House has passed and sent to the Senate a bill prohibiting export of state-owned timber outside the United States. A sponsor said it is aimed at Japan and a situation that threatens to "ruin the U.S. plywood market."

The vote was 33-20. Rep. W. O. Kelsey (D-Roseburg) said Oregon logs go overseas, are made into plywood at cheap costs and returned to the U.S. to the detriment of American lumber interests.

Chief sponsor Clarence Barton (D-Coquille) said "we can't compete economically with these people (the Japanese) because of the high wages we pay."

He said 50 to 80 million feet of this timber was shipped out of Coos Bay last year alone.

Rep. Grace Peck (D-Portland) said she has nothing against helping Japan but she was "appalled" to see stacks of Japanese plywood piled up on the docks in Portland recently.

Kelsey said 500 million board feet of Northwest lumber is going to the Far East from Oregon and Washington. He said he wouldn't object if Japan was using it itself but he said it is "coming back as fast as it is sent over."

Nixon To Speak On Administration

San Diego — UPI — Former Vice President Richard M. Nixon will begin voicing his opinions about the Kennedy administration next month during a visit to several major cities.

Nixon said the trip will mark the beginning of his "loyal opposition" on domestic and foreign affairs. So far he has refrained from public utterances about the new administration.

The former vice president, now employed as an attorney in a Los Angeles firm, said at a news conference his trip would begin with a May 3 visit to Chicago. Other cities to be visited will include Des Moines and Detroit.

Cascade Natural Gas Deal Approved

Salem — UPI — Jone C. Hill, public utility commissioner, approved Tuesday a \$2 million credit agreement between Cascade Natural Gas Corp., Seattle, and New York's Chase Manhattan Bank.

The money will be used in part to back up Cascade's 1961 construction program in eastern and central Oregon.

Cascade proposes to extend and improve its distribution facilities in such Oregon areas as Pendleton, Baker, Athena-Weston, Ontario, Hermiston, Milton-Freewater, Nyssa and Bend.

The Bend operation involves conversion from manufactured to natural gas.

Portlander Loses Jewelry To Thieves

Palm Springs, Calif. — UPI — Police and FBI agents have launched a check on pawn shops in the Southwest states in attempts to recover \$25,200 worth of jewelry stolen from a Portland woman here.

Police said the jewelry was taken in a noon-hour burglary last Saturday from the bungalow of Mrs. Harrison E. Spangler, wife of a former national chairman of the Republican party.

The Spanglers had been staying at an inn here for the past two months.

It was the second time Mrs. Spangler was victimized by a burglar. She lost \$22,700 worth of jewelry March 2, 1959 while vacationing here.

MOTHER OF YEAR
Kelso, Wash. — UPI — Mrs. Maude Kimball Butler of Cathlamet has been named Monday as Washington State's Mother of the Year.
