Chimes Available For Telephones

The musical tones of a chime may soon replace the ring of telephone bells in many Medford homes. The soft-toned telephone sound is provided by the Bell Chime, a new development from Pacific Telephone-Northwest. A switch on the Bell Chime allows a choice of any one of three different signals - chimes, soft bell, or loud bell.

According to J. H. Creager, local manager, the Bell Chime is available starting this week. Available in either gold or ivory, the Bell Chime is installed separately from the telephone and can be placed in any part of the home. This does away with the need for bells in individual phones. "We expect the greatest demand for Bell Chimes to come from residences where new phones or extensions are being installed," Creager said. "They should also prove popular with executive and professional offices, small specialty shops, beauty parlors and other businesses."

Two Reports of Bad Roads Received

Guy Wolf, resident of the Foot's Creek area, reported to the Jackson county court yesterday that the road at the right fork of Foot's creek, east of Rogue River, needs oiling.

The road, 1 1/2 miles south of the bridge, is dusty, Wolfe said.

"The last time the road was oiled was seven years ago. Shortly after that county road crews gravelled it," Wolf said.

G. O. Loomer, 806 Adams Lane, Medford, reported to the county court that Graves Creek rd. west of Wimer needs repair, and that he had been "given the run around" when he tried to determine whether the U.S. forest service or Jackson county is responsible for its upkeep.

County Judge Earl Miller said the court would inspect the road.

21-Month-Old Baby Speaks 2 Languages

Wilmington, Del. - (AP) - A Wilmington baby, Cindy Krupa, can identify all letters of the alphabet, count up to 10 and carry on intelligible conversations in English and Polish, although she is only 21 months old. She also can do ballet steps.

The precocious child is the daughter of Mr. and Mrs. Stanley Krupa of this city. Cindy has been amazing her family and local psychiatrists for a year now. She began walking at 10 months and talking bilingually at 14 months.

Jiffy-Knit
