

Document Urges U.S. To Supply Guerrillas To Combat Communism

Washington - UPI - A top Army officer has circulated a proposal that the United States train and supply foreign guerrilla forces designed to overthrow Communist regimes in Eastern Europe and elsewhere.

"The Soviets apparently do not fear that they will start general war when they assist Communist rebels in Laos," the document said. "Why should we fear general war in providing assistance to freedom fighters in Eastern Europe? The people are on our side here. We could do this

overtly."

Lt. Gen. Arthur G. Trudeau, Army research and development chief, has circulated the paper to a number of senior officers. He told them it had "no official standing as doctrine," but should be studied in connection with Army efforts to strengthen guerrilla warfare capabilities.

Trudeau did not identify the author of the document, but said he was "an individual who has given much thought to the field of guerrilla warfare."

The Army has been making

an evident attempt to capitalize on President Kennedy's interest in expanding guerrilla warfare forces, Kennedy said in his budget message that "we need a greater ability to deal with guerrilla forces, insurrections and subversion."

The President said Americans must help train friendly local forces to combat guerrilla bands.

But proposals in the "unofficial" Army document appeared to go much further. They were greeted today only by loud silence in the Defense Department's upper reaches.

"We must find a way to overthrow a Communist regime in power short of general war and even short of

limited war," the author said. "I still see no reason why we should accept a tyrant government in Laos, Belgian Congo, or any Latin American country."

"If the Communists can afford a million dollars a year on propaganda alone in Latin America and support a Communist government (apparently Cuba) in our backyard, we can support free governments in Eastern Europe or any other area dominated by Communists. . . . We can provide military assistance to an anti-Communist revolution."

John Eisenhower On Extended Leave

Washington - UPI - Former President Dwight D. Eisenhower's son has been granted indefinite leave without pay from the Army to help his father.

The Army said that Lt. Col. John S. Eisenhower will help his father, now a general of the Army, in "sorting and reviewing the documents relating to the Eisenhower administration."

Col. Eisenhower had been scheduled to attend the Army War college at Carlisle barracks, Pa., for a year starting in August. He requested the leave.

Col. Eisenhower was a White House staff officer during his father's second administration.

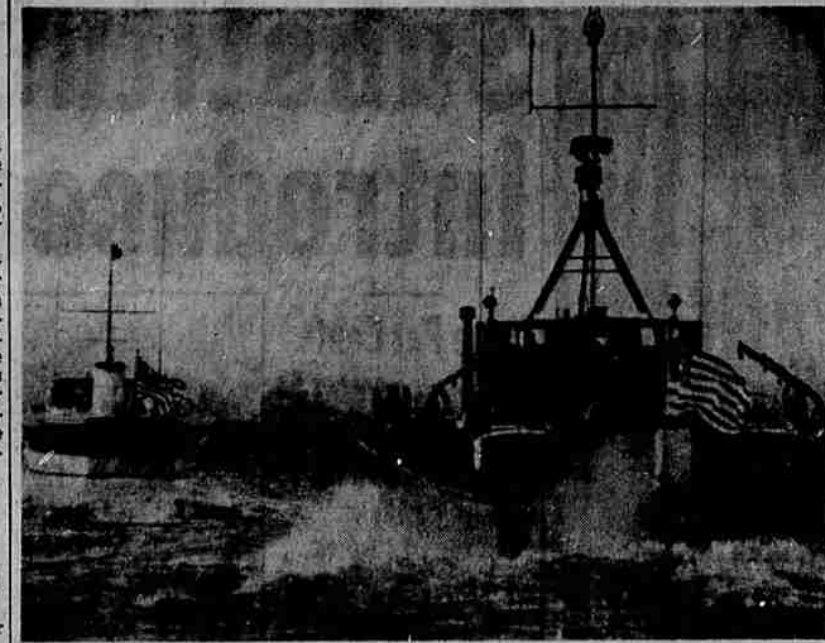

Plywood Market Improvement Noted

Salem - UPI - Improvements in the plywood market were reflected today in announcements by four lumber firms in the area.

Willamette Valley Lumber Co. earlier announced it will construct a \$250,000 addition to its sheathing mill at Dallas. An additional 30 men will be employed.

At Lyons, Simpson Logging Co. said it would return to work 29 men laid off since last fall. Freres Lumber Co. at Lyons said it has rehired 28 employees.

At Willamina, U.S. Plywood Corp., said its plant has gone from a four to a five day work week.

PRESIDENTIAL YACHT—The presidential yacht carrying President Kennedy and British Prime Minister Harold Macmillan on their cruise is shown at left. At right is the PT boat 109 carrying secret service agents that trailed the Chief Executive's yacht "Honey Fitz" on its 2 1/2-hour cruise on the Potomac river. (UPI Telephoto)

Brevity Record Set at Meeting For Nuclear Ban

Geneva - UPI - The United States, Britain and Russia today broke all records for brevity at the nuclear test ban talks by meeting for only three minutes.

U.S. Ambassador Arthur H. Dean opened the meeting at precisely 3 p.m. and asked if anybody wanted the floor. There was no answer.

Dean then proposed that they adopt the traditional communique:

"The meeting discussed the documents and proposals before the conference."

Today's 28 1/2 minute meeting broke the four-minute record set by the 175th meeting.

After the session, Soviet delegate Semyon K. Ksarapkin tried to shrug off any responsibility for the new record by saying, "this was not a record-breaking meeting."

Informed sources said the United States and Britain are prepared to wait only a short while longer for the next Soviet move in the current talks.

The Western negotiators feel they clearly have the Soviets on the defensive. U.S. diplomats report that almost for the first time since the conference began 2 1/2 years ago, the American position is getting favorable press comment even in most of the neutral countries such as India.

The Americans, at least, are convinced there is little point to continuing the talks here as long as the Soviets maintain their demand of March 21 for an absolute right of veto over the most minute actions of a control organization to police a nuclear test ban.

But President Kennedy's administration has been reluctant to break off the talks until the U.S. case was fully explained to the newer governments in Africa and Asia.

Medford Man Chokes To Death at Home

Chester Edward Carter, 54, of 404 Western ave., died late Thursday after choking on a piece of corn beef. Efforts by Medford firemen, and Dale Robert Waltermire of the Medford Ambulance service, failed to revive him.

His wife, Dorothy Lee Carter, asked a friend to call the fire department.

The body was taken to Pearl Funeral home.

Carter was a brother of the Jacksonville police chief.

Oil Shares Pace Increasing Market

New York - UPI - Stocks were up slightly today, oil shares again pacing the leaders.

Heavy industrial issues, outside of the oils, moved in a narrow range, steels off a bit and motors ahead by fractions.

Kerr-McGee and Union Oil of California, rolled up well over 2 points each, Jersey a small fraction. IBM moved up around 4 in the electronics where Motorola added around 1 1/2 and Emerson Electric

dropped a point.

Crown Cork & Seal gained 3, Pullman 2, Universal Match 2 1/2, Howe Sound over a point and General Railway Signal 1 1/2.

Utility stocks were depressed by losses of more than a point in Southern Cal Edison and Pacific Gas and Electric. Rails moved up slightly on average.

DOW JONES AVERAGES
New York - UPI - Dow Jones final stock averages: 30 industrial 879.34, up 2.02; 20 railroads 144.12, up 0.43; 13 utilities 111.84, off 0.28, and 85 stocks 227.81, up 0.37. Sales Thursday were about 4.91 million shares compared with 5.43 million shares Wednesday.

Weather

Northern California - No precipitation except scattered showers in mountains at times. Temperatures near normal except below normal in mountains.

PLAYS ROUGH—This Jaguar cub recently acquired by the Dallas, Tex., zoo became a little camera shy when a photographer tried to get a closeup shot of him. As he moved in for the picture, the "playful" young cub roughly grabbed his leg with both paws—and all its claws. With or without his closeup, the photographer came away with a healthy new respect for "playful" young Jaguars. (UPI Telephoto)
