

AT LAST!

an authoritative handbook and guide for parents to help their children with grade-school work

NOW YOU CAN HELP YOUR CHILD

with the most important subjects in 1st through 8th grades—using Tested Teaching Methods!

Most of the learning problems children experience in high school, college and adult life stem directly from basic weaknesses in reading, writing and arithmetic. Educators and parents agree that there is a real need for help in these subjects when children are still in the elementary grades. Now, a devoted teacher with 17 years' experience in dealing with children, shows you how to help your child master these vital subjects—and build a solid foundation for future learning.

Here is a book written to meet a specific problem parents face today; helping their children with schoolwork and using the best modern methods to do it. In almost 400 pages—with many helpful illustrations—the author gives you today's tested teaching methods for helping children master the 3 R's.

INCLUDES ACTUAL WORKSHEETS

so your children can practice at home.

SPECIALLY VALUABLE for the parent whose child is falling behind in schoolwork

About the Author
FRIEDA E. VAN ATTA

Mother of two, a practicing teacher for 17 years, Mrs. Van Atta began her career in a one-room country school in North Dakota. Since then she has taught all grades and taken courses in education at various universities. She now teaches 7th Grade English in a large central school district—Spring Valley, New York.
