Secret Messages!

By Nat Bradford

Place a piece of paper in water and soak it. Remove it and place a dry sheet on top of it. Get a hard lead pencil and write your message on the top sheet. Be sure to press down hard so that it presses into the wet paper. Now throw away the top sheet and after the wet one dries you will see there is no writing on it. Make it wet again and the pressure marks can be seen. Now you can read your secret message.
