Yes, this is the branch store of the management that broke, and had been declared illegal by the courts of the state of Oregon, the attempted fixing of high retail list prices. Ask Sunbeam, ask Remington and many others: Who sells for less?

★ BUY NOW ★

"In your hands, my fellow citizens, more than mine, will rest the final success or failure of our course." So said President Kennedy in his inaugural speech. Thus each of us and all together are being called upon to shape the course of our future prosperity.

This is not the time to hold off buying or sit on your savings. Each dollar spent individually creates a momentum that means more employment, more capital investment, more goods and more money... a sum total of prosperity for all. So, with no concession to recession or yesterday's, with confidence in today and faith in tomorrow, the one course to follow is—AHEAD!

NOW IS THE TIME TO BUY WHAT YOU WANT AND NEED... AND PARTICULARLY WHEN YOU CAN BUY AT MEDFORD SURPLUS AT HUGE DISCOUNTS! And do your part in keeping America prosperous.
