Should Criminal Boy Be Taken to Psychiatrist?

During the last few months I have received dozens of letters from unhappy mothers who say they have a psychopathically delinquent boy who seems to have been born without a conscience, or any desire to control himself and grow up into a good citizen. Usually such a mother says, "My husband and I haven't much money, but if we could do as the judge advises, and cure the boy by sending him to a psychiatrist, we would mortgage our little house to get the money."

Always in such cases I wish I could get the mother to sit down with some fine, able and sensible psychiatrist I know who, for years, have worked in big city courts, trying to help these lads, and who now feel that it is a waste of time. When the boy has absolutely no desire or ability to cooperate and to profit from his sessions with the psychiatrist, what can anyone hope to do?

Dr. Melitta Schimberg

For years has been working with some of the New York City courts, trying to help young criminals of a psychopathic type. As she says, it is impossible to help them because they are not interested in being helped. They are bored by the whole procedure. The doctor, a fine, able woman, tells me that these boys will keep their appointments with her for only one reason, and this is that the probation officer says "You go to the doctor or you go back to jail."

As Dr. Schimberg says, "You cannot cure a lad who is not interested in being helped, and who has no core of decency that you can reach for and build on." Dr. Schimberg said also that she felt hopeless about trying to help psychopathic criminals who are in prison. She says they seem to have only one idea, and this is, that if talking to the psychiatrist will help to shorten their sentence, all right; but if it won't help them to get out sooner, "the deuce with it."

Obviously, then parents are unwise to mortgage their house to get psychiatric treatment for a psychopathically delinquent son. If he is only delinquent, and is really "a good kid at heart" who has gotten into mischief with a gang, that is another matter. That type of boy, after a kindly warning from a nice judge, may straighten out by himself
