Hedrick Junior High

Edited by Sarah Madden and Steve Root

A style show given by the Medford High homemaking department was viewed by eighth and ninth grade girls recently. Mrs. Ruth Hocker-smith, Medford High home-making instructor, showed a variety of suits, coats, dresses, and formal made by senior high girls.

Girls who made and modeled garments were: Diane Davis, Norma Jenks, Rilla Kay Den Herder, Roberta Willett, and Vicki Burwash.

Purpose of the showing was to give girls interested in homemaking an idea of what the senior high program offers.

After auditioning and much practice, the final eighth grade talent acts were chosen and presented in the annual eighth grade assembly May 12.

Larry Humphreys, master of ceremonies, was attired as a fortune-teller and gazing in his crystal ball, predicted the various acts.

Acts presented were a pantomime by Nancy Withers, entitled "Hula Hoop," Carol Konshot, playing a piano solo, "Exodus," a humorous skit, "Don Manuel del Popolo," presented by Ann Heyssel, Judy Mee, Sharon Chipman, Sonja Vermeulen, and Cathy Carlson; a banjo solo played by Bob Haworth; "Little George Has Got the Hiccups," a pantomime by Theresa Riggs and Paula Potts; Fred Hauptert,

Richard Kinney, and George McNair, comedy skits on the trampoline to the tune of "Ragtime Cowboy Joe;" Kathy Daugherty, Page Meyerding Sue Plumley, and Linda Blew, pantomimed a humorous skit, "Time for Tea" with "Tan Shoes and Pink Shoelaces;" a monologue, "Norman," was given by Glenna Eisenberg; four "Marsians," Karen Davis, and Theresa Emmerich danced. Linda Scott sang "Over the Rainbow;" a magic act by John Eads; Bob (Barbara) Haworth and Fred (Freda) Hauptert gave the last act, a hula.

Class advisors were Robert Gouley and Vida McCarley.

The fourth and final issue of the Hedrick "Buzz-ette" was distributed Friday, May 12.

Hedrick's annual style show, concert, and exhibits were held in the school auditorium Monday, May 15.

The program consisted of selections by Hedrick's A and B bands, seventh grade and select choirs, and a style show by the homemaking department. Following the program, exhibits of work from the art, art crafts, geography, science, and shop classes were on display. A coffee hour and baked food sale completed the evening.

Announcers for the style show were Penny Sage, Beverly Bush, Jean Allen, and Sandra Joyce.

Thirty-three seventh grade

students took history tests sponsored by the Daughters of the American Revolution Thursday, May 11. The top three students in each grade history class were chosen to take the examination, which included 208 questions. Outstanding DAR student will be announced at the close of school.

Last Friday, the ninth grade trackteam went to South Grants Pass and was put down by the score 90-32. Hedrick's Jim Henry in the 150 and

Steve Root in the low hurdles were the only firsts.

Howard School

Children in Mrs. Dorothy Arney's first grade room have started a book chart to keep track of the book reports some are making. We have 22 books on it.

We have been working on charts for the science fair to be held next week. We will show how living things grow and change.

On Health Day, Terry Fir-

man took first place in the girls' sack race, and Pat Madden took second. Frank Keesee was third in the boys' dash. Ida Beckman was third in the mass race.

In Miss Mary Klocker's room on Health Day, the following won prizes: girls' running race, first prize, Judy Colley; second prize, La Vita Elbie; third prize, Sharry Walter. In the girls' sack race, Debra McIntire won second prize. In the boys' running race, Mike Icenhower won first, and Terry Steinmetz, second. In the boys sack race, Steve Chriss won first, and Ricky Moser won third.

Sharry Walter brought her turtle, Timothy, to school. The children caught some flies to feed Terry's frog.

In Mrs. Evelyn Winningham's room, we have been gathering specimens from our own backyards, and learning all we can about them. We put them in a backyard for our science fair.

We are planning a field trip to a dairy. We have watched films and written stories about things we will see. We will make a miniature dairy farm in our sandbox.

In Mrs. Alna McDaniel's second grade room, we had a surprise. A Cecropia moth crawled out of a cocoon. The moth is mounted now. We have sprayed the cocoon so that it will last longer.

Mrs. Margaret Mann's second grade has been getting ready for the science fair. We have been studying about the seashore.

We had a good time Health

Day even though it rained; we ran our races in the gym.

Connie Miller won a blue ribbon in the girls' sack race, and Sally Hughes was third. In the girls' dash, Shelley Beare was second. Sara Peery took first in the mass race.

Boys winning ribbons were: sack race, Gary Gresham, first; Ray Smith, second in the dash, Darrel Friesen received a blue ribbon, and Billy Jones a red one. George Hughes was first in the mass race.

After the races we all had

an ice cream treat and received our Health Honor Buttons.

In Mrs. Flossie Murray's fourth grade room, we made terrariums for Mother's Day gifts. We made them in gallon jars. The school shop made the cradles for them. We made them in our science class.

We are also trying to complete our science projects for our science fair. We are keep-

ing a weather chart for our class project.

Howard school had 30 students who were members of the large group singing at the music festival at Hedrick Junior High school recently. We will sing some of the same numbers at our own spring concert May 19.

Students in Mrs. Nita Birdseye's room were surprised last week to receive a letter from a boy in Albion, Nebr., asking

for pen pals. Enclosed was also a letter from his teacher, Mrs. Cligston. She explained that in social studies class, the students had decided it would be fun to see how many pen pals from the 50 states their class could contact by letter.

The boy, whose name was Fred Bader, explained that he had visited Medford last summer, and therefore had chosen to write to a fifth grade here. We enclosed our home addresses since it is so close to the end of the school year.
