Four Scholarships Given to Students

Yreka—Randolph Collier, state senator from Yreka, today announced the selection of four Siskiyou County high school students who will receive state scholarships for their 1962-63 years.

The recipients of the scholarships are: Robert A. Clark, Jr. Shasta high school; Clifford T. Kernohan and Teresa E. Wigley of Montague, Yreka high school; and George W. Drake of Dunsmuir high school.

Collier stated that the amount of the grant is based on the student's financial needs at the college of his or her choice and is not automatic.

He added that the awards were made under the state scholarship program expanded by the legislature last year to make 1,500 more grants available for qualified students selected by the state scholarship commission.

How To Spot A Quack

Of late, the United States Government and the American Medical Association have been trying to do something

to save our people from wasting a half-billion dollars each year on quacks and supposed cures for this and that.

Hundreds of millions of dollars are taken away from unhappy, worried and desperate people who think that a quack—whose primary training was probably in running confidence games—can cure them of an inoperable cancer, or of a severe arthritis.
