and LOAN ASSOCIATION of MEDFORD

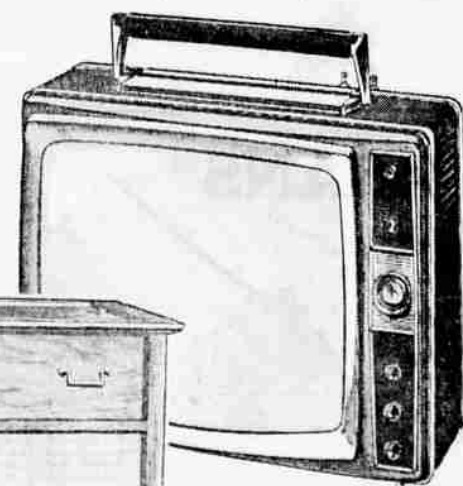

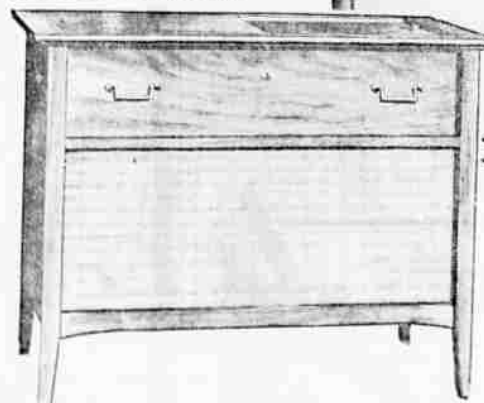

More and more Rogue River Valley folks are making planned progress toward financial security with safe, profitable savings at First Federal. Adequate reserves, careful management plus Federal Savings and Loan Insurance Corporation insurance up to \$10,000 protect their accounts against risk. More and more families, too, are enjoying home ownership through First Federal's services. Just in the last ten years, First Federal has grown four times in size—a sound, steady, substantial growth that has necessitated the building of this fine new home. We hope that you will come and inspect it Saturday.
