Married women are sharing this secret

... the new, easier, surer protection for those most intimate marriage problems

What a blessing to be able to trust in the wonderful germicidal protection Norforms can give you. Norforms have a highly perfected new formula that releases antiseptic and germicidal ingredients with long-lasting action. The exclusive new base melts at body temperature, forming a powerful protective film that guards (but will not harm) the delicate tissues.

And Norforms' deodorant protection has been tested in a hospital clinic and found to be more effective than

anything it had ever used. Norforms eliminate (rather than cover up) embarrassing odors, yet have no "medicine" or "disinfectant" odor themselves.

And what convenience! These small feminine suppositories are so easy and convenient to use. Just insert—no apparatus, mixing or measuring. They're greaseless and they keep in any climate.

Now available in new packages of 6, as well as 12 and 24. Also available in Canada.

IS THERE SUCH A THING AS A SPECIAL LAXATIVE FOR WOMEN?

So many women are asking this important question.

The answer is—yes. A remarkable new medical discovery called Dioctyl Sodium Sulfosuccinate has now made possible a special new laxative for a woman's sensitive system. We call it Correctol®.

Correctol works two ways. First, its miracle ingredient takes advantage of the natural moisture in your system. Second, its mild laxative acts gently but most effectively. Working together, Correctol's two active ingredients give a woman more natural relief than any ordinary laxative can.

Correctol is recommended any time in a woman's life, even during and after pregnancy.

Try gentle, hospital-tested Correctol... hearing the Good Housekeeping Seal. Ask your druggist for Correctol.
