### SMALLEST HEARING AID IN THE WORLD

**WORN INSIDE THE EAR**  
Sonotone has done it again with the "WISP-EAR," the world's smallest hearing aid, worn entirely in the ear.

It's cordless hearing - no cords down the neck, nothing behind the ear, nothing on the body. The new Sonotone snugly fits in the hollow of the ear. It weighs only 1/5th of an ounce (including tiny battery inside) and is so small it's hardly noticeable.

The "WISP-EAR" can help 7 out of 10 persons with hearing losses. Slips in and out of your ear so easily - ideal for those who "hear but don't understand." As small as a dime, as light as a nickel.

Here's better hearing from Sonotone in the remarkable modern way - the "WISP-EAR" worn inside the ear.

**HONESTY IS NOT ALWAYS THE BEST POLICY**

We assume that audiences come to the theatre to be entertained. Our biggest problem is to determine an adequate definition for the word "entertainment." To some it is the excitement of "West Side Story," while to others it is the drama of "Room at the Top," while to still others it is the rollicking good humor of an Alec Guinness comedy. Every once in a while a film comes along, and in an effort to classify it, we find that there has never been another like it.

We do not want to present **THE MARK** purely as a sensual, sensational film. We do not want to make a "sex film" out of **THE MARK**, even though it has one of the most tender love affairs ever filmed, in which a man achieves his first genuine relationship with a woman. **THE MARK**, we feel, is so much more than a love story. We do not want to refer to **THE MARK** as another adult drama from Great Britain, in a league with "Saturday Night and Sunday Morning" and "Room at the Top". We feel that **THE MARK** is far deeper-reaching than these and stands on its own merits. And we do not want to call **THE MARK** a psychological drama, since it is so much more searching than any we could call to mind. For **THE MARK** has the ring of truth about it.

**THE MARK**, in short, is a motion picture that breaks all the rules. It dares to be different. It dares to be exciting in a fresh way.
