MANOR-ISMS

By ETHELYN EVANS

Rogue Valley Manor establishes another FIRST - the first election in our own precinct, 56X. Our booths were in the ante-room off the auditorium. Our boards were manned by the members, George Hammond, Mrs. Hammond, Dr. Flora Ross, Sam Amey, Winslow Wetherby, Miss Annette Gray, and Miss Clara Hinze. As required, arrangements were made for sharp-eyed watchers all day, "changing the guard" frequently. When we voted, Mrs. Glenn Taylor was on duty. All Medford members of the Manor had been much sought after for information by the new arrivals to the valley. When the absentee votes are counted, our voting record will be just about perfect. Jackson county may well be congratulated upon having a new, lively and interested precinct.

The Manor Health center has done it again - for we, they wheel us in, get us well, wave us out. That is one place where a rapid turnover is a blessing and not a problem. We have a new registered nurse, Mrs. J. D. Ritter-bush, recently from Oklahoma. She reports they love the valley.

The Hillah Temple band played for us last week. In the Health center, everyone who could, crowded in the patients' lounge where it was carried on the public address system. They fled their beds in wheelchairs, on canes, and crutches, boosted each other along, or just made it on their own. They, and the grapevine from downstairs, reported an excellent concert played by a good band and very much appreciated.

St. Mary's High school, our neighbor just down the hill, presented a choral concert in our auditorium. Reports expressed enjoyment and praise of musicianship. This is the first time these young people have come to us. We hope they do so again and again so that we may know them and they us.

Dr. Leon Mulling, head of the speech department, Southern Oregon college, interested and amused our members with a clever "mish-mash" of all types of speeches to which we are subjected these days.

The college has been most generous in bringing us entertainment and information.

Our ranks are being sadly depleted, temporarily. In addition to the many members already scattered about, 70 started off Monday, in two huge buses, to visit the Seattle Fair. This is a wonderful arrangement - everything prepaid, all reservations, two fair admissions and transportation in about a week, via a different route.

Mrs. C. C. Collins entertained at luncheon in the Manor for Mrs. Lila Thomas, who used to live in Medford, and her hostess, Mrs. Berthold Barnum. Other Medford members of the Manor attending were Mrs. D. F. McCormick, Mrs. Mamie Sleeter, Mrs. Marjorie Olds.

Books: In Art Buchwald's column (Oregonian, May 13) he suggests possible answers to the social assassin who loudly asks you what books you've been reading lately, when, of course, you haven't. The furor over Dr. Herman Teller's book may have abated somewhat, but perhaps my recent answer to such an attack might be added to Mr. Buchwald's list: Going down into the quicksands of embarrassment, I rallied and replied - "Of course you've read but do you BELIEVE, 'Calories Don't Count'?" The high-pitched arguments took right off, leaving me safe on the side line.

List Winners
Mr. and Mrs. J. R. Tungate won first place in the regular play of the Camp White Veterans club May 21 with 48 1/2 points. In second place were Mrs. Fred Hedorfer and Paul A. Hatton, who scored 44 points. Mrs. R. T. Jones and Dale Fornbrook were third, scoring 43 1/2 points.

History Club
Wildflower slides will be shown by Mrs. Howard Bush at a meeting of the Rogue Valley Natural History club Thursday, May 24 at 7:30 p.m. in Room 35 of the Medford High school. All persons interested are invited.

Yreka Church Women To Continue Program

Yreka - A program on happiness highlighted the meeting of the United Lutheran church women held recently in the church.

The program was developed by having all members and guests contribute their ideas in a combined definition of what constitutes happiness. Pictures were shown and articles read and discussed.

The subject of how happiness can be achieved will be continued at the next meeting of the group on June 7. Anyone interested is invited.

Mrs. Frank Skidmore and Mrs. Verne Taylor served refreshments.

Oven Control

Homemakers can automatically control when food is done and how it is done with a new gas oven control system. Once the new system is set, it automatically starts cooking, cooks the food to the precise temperature selected, signals with a 30-minute advance countdown as cooking nears completion, and holds the finished food at a keep-warm level as long as necessary. The manufacturer said this gives the homemaker complete freedom to decide the exact serving time. (Caloric Appliance Corp.)

A new vacuum brush provides greater suction than ever before in portable flashlight - size hand vacuum cleaners, the manufacturer reports. The two-battery unit has a detachable dust bag. (New York Notion Co. of Chicago 233 S. Wacker Drive, Chicago Ill.)

New Shade

Window shades that match draperies and other room fabrics are a reality through a simple laminating process using a new adhesive. A thin coating of this adhesive is spread over vinyl coated shade cloth and the material applied to it prior to making the shade. The shades can be ordered through the window shade departments of local stores.

Tartar Sauce

Pickles and cream cheese make a piquant tartar sauce to serve with fish filets. Blend 1 (3 ounce) package of cream cheese with 2 tablespoons each of lemon juice, mayonnaise and grated onion. Mix lightly with 1/2 cup of chopped sweet relish cucumber pickles. Makes enough sauce for 4 servings, or 1 pound of flounder filets.
