Six Sections No. 63

FREEWAY DEDICATION—This panoramic shot shows the crowd which gathered about 11:30 a.m. Friday to participate in the dedication of the new nine-mile section of freeway between Grants Pass and Rogue River. Shown at the microphone is Glenn Jackson, chairman of the state

highway commission, as he introduced Gov. Mark O. Hatfield, who gave the dedicatory address. Following the ribbon cutting ceremony, Governor Hatfield led a motorcade to Rogue River, where Mayor Larry Sheehan presented him with a key to the city.

Atomic Sub Fires Polaris Missiles, Scores Bullseyes

Atlantic Range Site of Tests

Cape Canaveral — The atomic submarine USS Thomas Edison fired two Polaris missiles from the depths of the Atlantic Saturday and both scored bullseyes on 1,500-mile test shots down the Atlantic missile range.

It meant four successes in a row for the Edison, America's eighth nuclear submarine. The sub has now completed its missile training and will make a final shakedown cruise before joining seven other Polaris-armed subs on station.

The first Polaris was launched Saturday at 2:17 p.m. EST and the second at 5:36 p.m. EST.

The defense department, continuing its policy of treating underwater firings of the Polaris as secret, made no announcement of either test. Both missiles could be seen from the Florida coast streaking through the azure blue sky into layers of wind-blown clouds.

The sleek, 410-foot Thomas Edison was cruising about 50 miles off shore about 50 feet below the water's surface for both shots. After bursting from the ocean's surface, the bottle-shaped, two-stage missiles traced their course with white trails in the sky.

The launchings came only hours after the U. S. Pacific fleet disclosed that Russian nuclear submarines are operating in Pacific waters. The United States plans to beef up its nuclear sub fleet to 41 vessels in the next five years.

The \$100 million Edison, launched nearly a year ago, will become operational after a short shakedown cruise. It will pick up its 16 nuclear-tipped "live" Polaris missiles at Charleston, S. C. Navy yard at the tail end of the cruise.

Pageant Winner

Marty Wyatt

Marty Louise Wyatt, daughter of Mr. and Mrs. Floyd C. Wyatt, Jacksonville, was named Miss Rogue Valley by the judges of the Miss Rogue Valley Pageant Saturday night at the Mark Antony in Ashland. She is a student at Southern Oregon college.

Connally Triumphs In Texas Election

Dallas — (UPI) — Former Navy Secretary John B. Connally, a conservative, won the Democratic nomination for gov-

ernor of Texas Saturday night in a runoff election against a New Frontier liberal.

Connally's victory over 36-year-old Attorney Don Yarborough paved the way for a rip-roaring Democratic-Republican campaign for the November election. The GOP mounted its biggest bid for the office since reconstruction days behind candidate Jack Cox, 40, a Democrat who turned Republican less than a year ago.

Connally, a 45-year-old Fort Worth oilman who quit the Kennedy cabinet to run, led Yarborough throughout the night. He is a close friend of Vice President Lyndon B. Johnson, but received no public support from Johnson.

Yarborough, who ran unsuccessfully for lieutenant governor in 1960, campaigned as a Kennedy New Frontiersman, although he received no endorsement from the President.

Returns to the Texas election bureau from 253 of the state's 254 counties, including 225 complete, gave Connally 563,851 votes to 537,914 for Yarborough. The election bureau said only about 5,000 votes remained uncounted and the vote already counted totaled 1,101,765.

"I believe the people of Texas by their vote have expressed their desire for a unit of purpose and their hope for soundness in state government," Connally said. "They clearly state their desire for new leadership."

For further details of the commission's decisions see story on Page 2A.

Ashland Grocery Damaged by Fire

Ashland — One side of the Oregon Food store market here was damaged Saturday afternoon when a trash fire in an alley got out of control.

Ashland firemen extinguished the blaze, but not before it had inflicted some damage to the outside wall of the store and to a minor extent the interior wall.

The fire was reported at 2:32 p.m. Saturday. The market is located at 1475 Siskiyou blvd.

Medford Youths Hurt In Auto Accident

Phoenix-A 16-year-old youth was hospitalized with a lacerated scalp suffered in an auto accident on Highway 99 one mile north of Phoenix at 4:13 p.m. Saturday.

In satisfactory condition at Sacred Heart hospital was Gregg Keith, 119 South Elm st., Medford. Treated for minor injuries in the accident was another 16-year-old, Ronnie Jenkins, box 981, Medford.

Second Series of Sabin Oral Polio Clinics Planned

A second series of Sabin oral polio vaccine clinics will be held Saturday and Sunday afternoons, June 9 and 10, Dr. William Miller general chairman for the Jackson County Medical Society clinic program, announced Saturday.

Type III Sabin vaccine will be administered the same way as was Type I; three drops on a cube of sugar dissolved in the mouth. The last (Type II) will be given in September.

The clinics will be held in the same places: Ashland, Medford, Central Point, Shady Cove and Rogue River. Coupon books are on sale at all the clinics for those who missed the first clinic. These people are reminded if they missed the Type I vaccine, they may take the Type III this week and the Type I at some future date, Dr. Miller said.

More than 30 days must elapse between Types I and III. Those taking the Type I vaccine at Grants Pass this week end should not take the Type II vaccine in Jackson County next week end, Dr. Miller said.

Additional information may be obtained by dialing 773-5407 starting on Thursday, June 7, at 10 a.m. This information center will be in daily operation from that date through the clinic dates.

Nixon Cites Miscoe In Ski Resort Audit

Los Angeles — (UPI) — Republican gubernatorial candidate Richard M. Nixon Saturday night called on Gov. Edmund G. Brown to explain what he called a discrepancy in an audit of William E. Newsom's Squaw Valley concession.

In a report released earlier Saturday state department of finance deputy director, Robert L. Harkness, said deficiencies had been uncovered by state auditors in the revenue figures submitted by Newsom's Squaw Valley Improvement Co.

Khrushchev Admits Shortages Caused Food Price Hikes

Moscow — (UPI) — Premier Nikita S. Khrushchev appealed Saturday night to the Soviet people for understanding in the decision to raise prices sharply on meat and butter. He said if the step had not been taken there would be meat lines tomorrow.

"There was no other way out," he said in a speech broadcast to the nation over Moscow radio. He said there was a shortage of meat and butter and that drastic measures were necessary to supply the country's needs.

The premier's speech was reminiscent of the appeals made to the Russian people during World War II to make sacrifices for the good of the nation. It also recalled the announcement of the resump-

tion of Soviet nuclear tests last fall, in which it was stressed that although many people might not understand the decision, it was a question of the national interest.

Appreciated Approach
One Russian told a Western reporter he and his friends appreciated most of all the straightforward approach.

"Usually they say everything is paradise, but when we go to the store we would find the prices had been raised without any notice," he said. "This time, at least, people appreciate being told the truth."

Khrushchev addressed a Soviet-Cuban friendship meeting in the Kremlin, but most of his words were clearly aimed at the Russian people. He made it clear that funds would not be diverted from defense spending in the face of "imperialist" threats.

To Be Published
His speech was broadcast with only a few minutes prior announcement, and it seemed likely that many missed it. However, it was expected to be published in all the newspapers today.

One Russian who heard it said: "It was a very frank speech, and we appreciate it." Khrushchev said funds could not be diverted from defense and that only a raise in prices could provide the money necessary to boost the nation's agricultural production to required levels. He added that there could be no wage boosts to accompany the price rises.

Power Pole Fire Causes Outage

Homes in Central Point, Sams Valley and part of the northwest portion of Medford were without electric power for between five and 14 minutes Saturday night. The power outage was caused indirectly by a power pole fire.

Fire broke out at 6:58 p.m. on the pole, located at Sherman way and Highway 99 north, and burned through it. Medford firemen put out the fire and stayed at the scene a little over an hour.

A Pacific Power and Light company representative explained that company crews switched off power to the Central Point, Sams Valley and northwest Medford area in order to avoid a more extensive power outage, then restored service through other sources.

Neither firemen nor PP&L officials were immediately certain what caused the fire. It broke out at a point on the pole about 30 feet off the ground.

Chest X-Ray Unit To Visit Jackson County in June

A mobile chest x-ray unit will visit the greater part of Jackson county for the first time in 10 years, the Jackson County Tuberculosis and Health association reported.

Each unit will come to Southern Oregon college and downtown Ashland this September as it did last year.

The first week's schedule includes: A stop at the Shady Cove Cleaners from 3 to 4 p.m. Wednesday, June 6; the Prospect post office from 3 to 4 p.m. Thursday, June 7; at the Butte Falls general store from 3 to 4 p.m. Friday, June 8; at the Big Y market in north Medford, from 10 a.m. to 1 p.m. and from 2 p.m. to 5 p.m. on Saturday, June 9.

A chest x-ray is one of the most effective methods of finding early pulmonary tuberculosis, an association spokesman noted. To be eligible for a chest x-ray one must be 21 years or older, or be married, or under 21 and having a positive tuberculin skin test. Unmarried persons under 21 must have a consent slip signed by a parent or guardian. These slips may be obtained at the mobile x-ray unit.

No appointment for the chest x-ray is needed. A report will be sent to each person taking the examination.

Stockholders To Sell to Newhouse

New Orleans — (UPI) — Three major stockholders in the Times Picayune Publishing company, which publishes New Orleans' two newspapers, said Saturday night they plan to sell their stock on Monday to publisher Samuel I. Newhouse.

Newhouse, owner of a group of newspapers across the country, offered to purchase a majority of the stock this week for \$150 a share.

Wallstreeters Work On Tangled Tape

New York — (UPI) — Wall Streeters worked unusual shifts Saturday trying to untangle tons of tickertape that backed up during the most frantic week of trading since the great crash of 1929.

Despite the near record 40,560,000-share turnover during the holiday-shortened trading week, price level indexes closed with almost no change from their opening Monday morning.

The same popular averages changes could have been accomplished in a single hour of light trading, observers noted.

Volume during the past week, which saw the market take a roller coaster ride that left brokerage clerks and bookkeepers wading in paperwork, compared to 22,988,850 shares traded on the New York stock exchange during the previous week.

Varied Activities Attend Pioneer Village Opening

Jacksonville — Approximately 1,000 people milled around the newly opened Pioneer village and stage station as it had its grand opening at the north entrance to Jacksonville Saturday.

Proprietor George McEneaney said 600 people signed the register, one woman from as far away as Kansas. The steady downpour failed to slow up the activities as people stood in the rain or crowded into the stage line office.

The day-long show included a wood-chopper and axe throwing demonstration, a clown's antics, egg pitching, pie-eating contests, sack races and a wood-chopping contest for women. Ron Holloway, Medford, was the moderator. Brett Steel, Medford, put on a medicine show.

One of the highlights was the hanging of "Red Beard the Bandit" and stage coach holdup artist — a dummy dressed in the holdup man's clothes.

Woodworkers OK Strike in West

Portland — (UPI) — Members of the International Woodworkers of America have authorized a strike in five Western states, it was announced here.

Harvey Nelson of Molalla, president of the Western regional IWA, made the announcement. The union is seeking a wage increase for the second half of its two-year contract with employers' groups in Oregon, Washington, Idaho, Northern California and Southwest Montana.

Nelson said 18,000 of the region's 30,000 members voted and said 70 per cent were in favor of a strike if negotiations for the wage increase failed.

The IWA is seeking a wage increase of 30 cents an hour for the next year. It has negotiating sessions with several of the employers' groups scheduled for Portland this week.

Windsors Plan Quiet Anniversary Day

New York — (UPI) — The Duke and Duchess of Windsor Saturday planned a quiet celebration on the high seas Saturday on the 25th anniversary of their marriage which critics said would never last.

The secretary to the couple said they planned to have a champagne dinner Sunday night with friends aboard the luxury liner SS United States in celebration of their anniversary.

NEWS BRIEFS

INONU DESIGNATED PREMIER
Ankara, Turkey — President Cemal Gursel has designated Ismet Inonu, who resigned as premier only three days ago, to form a new government, it was announced Saturday.

BORDER GUARDS SEIZE YOUTHS
Berlin — (UPI) — Communist East German border guards Saturday seized two West Berlin youths in broad daylight and dragged them through a barbed wire barricade into East Germany, West Berlin police said.

NUCLEAR TEST RESCHEDULED
Honolulu — (UPI) — The United States rescheduled a once-postponed nuclear test blast over Johnston Island in the South Pacific Saturday night (10 p.m. HST-4 a.m. Sunday EDT) to launch a widely-protested series of atmospheric tests.

U.S. AMBASSADOR ORDERED OUT OF IRAQ
Baghdad, Iraq — (UPI) — Iraq has ordered the American ambassador to leave the country and has recalled its own ambassador from Washington in protest against U.S. accreditation of an ambassador from Kuwait, it was announced Saturday.
