MANOR-ISMS

By ETHELYN EVANS

Rogue Manor gardeners should organize a club and exchange data, visits and cups-o-tea with the valley clubs. Between the water tower and the Manor on the south are garden plots of various sizes, allotted to members who wish to garden. Some have chosen large plots but often two members share a plot. The Manor has put in gravel walks to reach the gardens; and the members have put in many attractive gravel (lined with small matched stones) or stepping-stone walks to divide their own lots.

Surely a sample of just about everything in the spring catalogue has been planted. Dr. Breece, Honolulu, has already harvested tender radishes for nibbling. If ever I see a lemon cucumber within reach, I'll snatch and run like Crazy! The Rev. Earl Benbow, Corvallis, has a large lot planted with nothing but choice roses. He is a member of the National Rose society, and has worked with a friend of ours in Santa Barbara who has won renown for "Inventing" new, prize winning varieties of roses. (Dr. Benbow belongs to Medford Rose society and will be a judge here on June 22. Mrs. Mamie Sleeter has also had her lot planted to roses, exclusively, because she loves 'em. Within a few more weeks—better yet another year—these gardens may compare favorably, in miniature, with some of our gorgeous gardens in the valley.

Those who drive to the visitors' parking space and around the circle in front of the Manor, may notice an oval lawn around the flag pole. Also, almost any hour of the day, they may see a tiny figure, stooping to dig up every single weed with a sharp knife. That will be Mrs. Ralph Powell, Monte Sereno, Calif. She has chosen that particular lawn as her bailiwick. None of us would think of jerking out a dandelion, should we see one along the edge. This is a definite part of a health improvement program, of course, but, also, shows a real interest in the beauty of our front yard. Many other members are willing volunteer workers, taking their day's workout by weeding, etc.; but none seems to have been so constant as Hazel Powell.

About 125 Manor members were away from home last week—70 of them at the Seattle Fair and others traveling hither and yon: "Three Musketeers" members, the Misses Elizabeth Colgrove, Dora Lidgate and Dr. Edith Robt., all from Palo Alto, are on the island of Kauai for three months or more. They should return with interesting tales and off-beat information.

Mrs. Charles Davis is on an Alaskan tour which was booked about the first of the year. Since that time it has been impossible to make any Alaskan reservations—Seattle Fair visitors have gobbled them up.

Copied: "An Oregonian blames Alaska for our long, cold spring. Says it never should have been admitted to the Union."

A special fashion show is needed for our globe-trotting members. The press reports a show exhibiting a 25-pound wardrobe designed by Tra-
