The Crooked river canyon, in central Oregon's Crook county, is shown here winding through palisades in its canyon east of Prineville.

Area Employment Continues to Show Rise During May

May continued to show improvement in local employment noticed in the past few months, according to John J. Patton, manager of the Medford office of the state employment service.

Job opportunities continued a seasonal rise in number, and the level of unemployment showed a further decline as people returned to work.

At the end of May, the percentage of insured unemployment in the county was 4.4 per cent, compared to 7.6 per cent unemployed in May, 1961.

Patton said that for the 11th consecutive month, the local office filled more non-agricultural jobs than was the case in the same month a year earlier.

This is a good indication of the relatively higher level of employment activity in this county, Patton said.

Many students are now looking for work, he noted. This group offers a source of help for vacation relief or extra seasonal help, Patton said.

Agriculture is beginning to develop some labor demand with current jobs for berry pickers, onion hoers and peach and pear thinning in the near future, Patton said.

Work is expected to continue a moderate but steady increase through June and July, he added.

COWBOY ACTOR DIES
Van Nuys, Calif.—(UPI)—Guinn (Big Boy) Williams, a movie cowboy with an authentic Texas background, died today. He was 63.

Collier Nominated For Reelection by Both Major Parties

Yreka State Sen. Randolph Collier was virtually reelected yesterday when for the sixth consecutive time he won the nomination of both the Democratic and Republican parties.

Collier's name was listed only on the Democratic ballot, since cross filing was abolished in California in 1959. But a write-in campaign launched last week netted him enough votes on the Republican ballot to give him that party's nomination as well.

In one of two contested Siskiyou county races, Sheriff A. B. Cottar appeared to have been reelected over his opponent, Henry E. McNeil.

Unofficial returns from most of the county's 86 precincts gave Cottar a 7,155 to 3,794 lead.

Other Contested Elections
In the other contested race, Helen Walters, county tax collector, was leading her opponent, James Rea, 5,796 to 2,363 in unofficial returns from 68 precincts.

Senator Collier was unopposed on the Democratic ballot, and there were no candidates at all on the Republican ballot. In order to gain the Republican nomination he needed write-ins equivalent to 1 per cent of the total votes cast for the office in the last general election.

Returns from Siskiyou and Del Norte county about 80 per cent complete gave Collier 784 write-in votes on the Republican ticket, about 20 per cent of the total vote cast at the last general election.

On the Democratic ballot, Collier had received 2,397 votes in Del Norte county in partial returns. Siskiyou county Democratic figures were unavailable this morning.

Appear on Ballot
Collier's name will appear on the November ballot as the Democratic-Republican nominee. It is possible for an independent to run in that election but conditions for filing as an independent are exceedingly stiff, and receiving the nomination of both parties in the primary is considered tantamount to election.

Tabulation of ballots in Siskiyou county was progressing slowly this morning, and complete returns were available only from Hornbrook.

Collier received 94 Democratic votes for state senator in Hornbrook, Cottar defeated McNeil for sheriff 130 to 51, and Mrs. Walter beat Rea for tax collector 113 to 64.

In state-wide races, Hornbrook voters cast 52 votes for Richard Nixon, 11 for Joseph Shell and 83 for Edmund G. Brown for governor, 39 for Sen. Thomas Kuchel and 68 for Richard Richards, his November opponent.

Hornbrook voters favored Max Rafferty for state superintendent of public instruction by a close margin over eight other candidates.

Civilian Dies in Chico Missile Silo Explosion
Chico, Calif.—(UPI)—A civilian worker was killed today when a fire erupted in a Titan missile silo, the Air Force said.

It marked the second accident in two weeks at the missile complex, located six miles northeast of Chico. An explosion in a Titan silo hospitalized seven and injured 70 on May 24.

The victim was identified as Edward Eugene Taylor, 32, Chico, who died of burns.

Unemployment Insurance Claims Show Decrease

Salem—(UPI)—In the week which ended May 31 Oregon had 15,645 unemployment insurance claims, a drop of 5,000 from April and also down 5,000 from May 31 of last year.

David H. Cameron, Oregon employment commissioner, said the insured unemployment picture in the state continues to improve, and the only exceptions last week were at Tillamook by comparison to April, and at Baker, La Grande and North Bend-Coos Bay compared to 1961.

Insured unemployment is that covered by the state system into which employers pay a certain amount.

Jobless Rate Falls
The state's jobless rate fell to 3.9 per cent last week. This contrasts with 5 per cent a month ago, and 5.2 per cent in May, 1961.

The lowest jobless rate last week at Corvallis, 1.9 per cent, compared to 3.8 per cent a year ago. The highest rate was at Lakeview, 9.8 per cent. This was down from the May, 1961, rate of 10.8 per cent, however, and from the 12.9 rate at Lakeview a month ago.

Other jobless rates, with comparisons to April included:
Eugene 3.8 per cent, down 1.1; Klamath Falls 4.1, down 1.8; Medford 5, down 1.5; Pendleton and Milton-Freewater 4.6, down 2.1; Portland 3.2, down 3, and Salem 5.2, down 1.1 per cent.

There was \$44,467,000 in the Oregon employment insurance trust fund on Monday compared to \$37,406,000 a year ago, Cameron said the fund is in very healthy shape this year compared to last.

Telephone Service For Vaccine Clinics
Persons seeking information regarding next week end's Sabin oral polio vaccine clinics may telephone 773-3407 or 773-5408 between 10 a.m. and 4 p.m. Thursday, Friday, Saturday or Sunday, it was stated today by the Jackson County Medical Society, sponsors of the clinics. The telephone service is being staffed by members of the Medford Jayceettes.

The clinics will be held from noon until 6 p.m. Saturday, June 9, and Sunday, June 10, at seven locations in the county.

Medical society members said today that if persons did not take the type 1 vaccine at the clinics three weeks ago, they may take the type 3 vaccine this week end and pick up the type 1 dose at some future date.

Coupons which entitle the purchaser to the vaccine may be obtained at the clinics for 75 cents, doctors said. This entitles the coupon holder to the type 3 vaccine this week end and the type 1 vaccine to be administered in September.

Firemen Summoned For Smoke at Tank
Firemen were summoned yesterday morning when smoke was reported around a butane gas tank at 602 North Riverside ave.

They said the alarm resulted from water vaporizing from the ground near the tank and giving the appearance of smoke. The steam was caused by rays of the sun striking the wet ground.

South Vietnamese Ambush Guerrillas
Saigon, Viet Nam—(UPI)—South Vietnamese troops supported by U.S. army helicopters, ambushed a band of Communist Viet Cong guerrillas south of here yesterday killing 11 and capturing 4, informed sources said today.

Col. Huynh Van Cao, commander of the Vietnamese 7th division, laid the trap by sending a military convoy down the road as "bait," according to the sources.

Off-Train Rail Employees To Get Hourly Wage Hike

Chicago—(UPI)—Negotiators for 11 unions representing 450,000 off-train employees Tuesday night accepted a wage increase of 10.2 cents an hour offered by the nation's railroads, ending a strike threat.

The railroads warned the settlement may lead to rate hikes or layoffs of employees. Separate work rules talks between the railroads and five operating brotherhoods continued with no report of progress.

Dispute Ended
The agreement announced by George E. Leighty, chief union negotiator, and J. E. Wolfe, head of the railroads' bargaining team, ended a nine-month dispute. With mediation procedures under the Federal Railway Labor Act exhausted, the non-operating employees had been free to strike since last Sunday.

Wolfe said the railroads made the 10.2-cent offer recommended by a presidential emergency board—under prodding from Labor Secretary Arthur Goldberg.

"Carriers have been of the opinion . . . that the recommendations were inflationary and contrary to the public policy as expressed by President Kennedy. Nevertheless, the carriers were advised by Secretary Goldberg that a disruption of service of one or more key railroads could not be tolerated. The railroads were left without an alternative but to accept the board's recommendations," Wolfe said.

He estimated the wage boost would cost the railroads \$105 million.

\$43,560 Awarded For Freeway Land
A Jackson county circuit court jury yesterday awarded three Ashland property owners \$43,560 for property condemned for the new Interstate 5 freeway.

Walton H. Jones, his wife, Velma Jones, and Isabel Claycomb originally asked \$80,000 in damages for 31 acres taken in a strip through their property.

Circuit court testimony revealed that the strip taken is 400 feet wide and extends from corner to corner for approximately a mile. No access is allowed between the two triangular pieces.

The taking partially impairs irrigation and a portion of the bottom land is underlain with gravel deposits.

The state highway commission through its attorney had offered \$10,725 for the condemned property and damages. Its appraisals ranged from \$13,000 to \$18,000 according to testimony. Lowest appraisal for the property owners, from an agricultural standpoint, was \$40,000.

America, Russia Plan Joint Venture
Geneva—(UPI)—Soviet sources said today America and Russia have agreed to launch a joint weather satellite.

The project, the sources said, is the first fruit of the exchange of letters on outer space cooperation between President Kennedy and Premier Nikita Khrushchev last March.

The sources said the two space giants also have agreed to join in a project to measure the earth's magnetic field and are near agreement on a joint launching of a communications satellite.

The agreement was reached, the sources said, in talks here between Hugh Dryden, assistant director of the National Aeronautics and Space Administration, and Prof. Anatoli Blagoravov, a senior Soviet scientist.

Dryden refused to confirm the Soviet report. He said it would be "an indiscretion" to reveal what he and Blagoravov have talked about.

Firemen Summoned For Smoke at Tank
Firemen were summoned yesterday morning when smoke was reported around a butane gas tank at 602 North Riverside ave.

They said the alarm resulted from water vaporizing from the ground near the tank and giving the appearance of smoke. The steam was caused by rays of the sun striking the wet ground.

French Forces Raid Hideout of OAS Terrorists

Algiers—(UPI)—French security forces raided a farm house 18 miles south of Algiers today and captured 17 members of the terrorist Secret Army Organization (OAS).

The raid came as the outlawed OAS extended its one-sided truce with the Moslems against the background of a message from one of its former leaders that the cause was a French Algeria is lost.

Deserters Found
The terrorist hideout was pinpointed by three OAS suspects arrested previously. The security forces found seven French army deserters among the 17 arrested, and picked up a small arsenal of stolen weapons.

While the OAS truce continued, police found two murdered Europeans in the Algiers suburb of Guyotville this morning. It was believed they were former OAS men who had been "executed" by the terrorist organization.

A pirate OAS broadcast imposed on Radio Algiers Tuesday night said the suspension of terrorism, in effect in Algiers for the last five days, would last at least through midnight tonight.

Appeal Issued
From his cell in Fresnes prison in Paris, the No. 2 OAS leader, Edmond Jouhaud, issued an appeal for an end to the battle to keep Algeria French. He appealed to his OAS commander, former Gen. Raoul Salan, to join him in the plea.

Jouhaud is trying to get President Charles de Gaulle to commute his death sentence. Salan is in another cell in Fresnes. He was sentenced to life.

Bar Committee to Report on Discards
A committee report on Jackson county law library discards will be given at a meeting of the Jackson County Bar association tomorrow, according to an association spokesman.

H. Dewey Wilson, chairman of the law library committee, will report on discarding volumes.

Mrs. Ann Todd, Eagle Point, has objected to burning advance sheets and discarded volumes from the law library in the court house. She contends this is an arbitrary decision made by Wilson.

In her letter to the bar association, Mrs. Todd wrote: "As far as I know nobody really objected to my using the discarded advance sheets after they were replaced with bound volumes or to using the discarded law books. Then suddenly County Commissioner Chester Wendt issued an order to the custodians to destroy all advance sheets, etc."

It seemed to be one of those hush-hush orders, but after some three weeks of book burning, I tracked the matter down to Wendt who said the bar association had recommended destroying the discarded material," Mrs. Todd said.

Jaycee Forum Set In Eagle Point
Eagle Point—An estimated 100 members of Junior Chamber of Commerce organizations in southern Oregon are expected to attend a district officer forum at the Eagle Point Scout Community building Sunday, June 10.

Delegates are expected from Sutherlin, Roseburg, Grants Pass, Medford and Eagle Point.

Purpose of the forum is to advise and instruct officers on how to direct the club, and the club's activities during the year. The state Jaycee president and other state officers have been invited to attend.

This is the first forum in Oregon in which the Jayceettes have been invited to participate in forum discussions, according to Jaycee officials.

Terry Green of Medford is in charge of the forum, which will start at 2 p.m. following a morning softball game and lunch.

Janet, an eight-grader, left out the first "E" in "loneliest."

In round two, Mark Lloyd, 13, Dayton, Ohio, became the second casualty when he spelled "gravel" with two "A's."

The third youngster eliminated was Karen Corse, 13, Westvale, N.Y., who spelled "granary" as "grainery."

Other words missing during the morning included: desecrate, and intangible.

RICHARD NIXON
A 2 to 1 Margin

Future Generals At West Point Hear Kennedy

West Point, N.Y.—(UPI)—President Kennedy today told America's future generals their careers should be devoted more to the preservation of peace in a difficult world than to the conventional military role of preparing for or waging war.

He told the U.S. Military Academy 1962 graduating class of 601 cadets that its members would have "the greatest opportunity during the next 10 years for the defense of freedom ever known."

Fulfillment of this opportunity, he said in an address to a packed field house on the Academy grounds, involved coping with strange, undeclared shadow wars of ambush and subversion and not necessarily a matter of "massive retaliation."

The chief executive returned to Washington by plane immediately after the commencement ceremony.

Peaceful Role Seen
As for the prospects of nuclear war, the President thought the army's future role lay more in the area of diplomatic, political and economic problems of newly emerging nations.

Major war involving nuclear weapons, he pointed out, may "last in its final form only a day, or two or three days, before the world finally is burned up."

The president opened his remarks at the graduation ceremony by instructing Army Secretary Elvis Stahr to recall all existing cadet punishments. There was a lusty cheer from the cadets, 20 of whom were confined to quarters because of academy rule infractions.

D-Day Observed At Omaha Beach
Omaha Beach, France—(UPI)—American and French officials paid tribute here today to the allied troops of World War II who fell 18 years ago on the Normandy beaches as they stormed ashore to launch the invasion of Nazi-held Europe.

American Ambassador James M. Gavin, a paratrooper general in the U.S. army who landed behind Utah beach to the east with his men that fateful day, headed officials at a visit to the cemetery where the cliffs of Omaha Beach where 10,000 American soldiers are buried.

A religious ceremony was held and then Gavin and his wife visited St. Mere Eglise, a scene of bitter fighting during the invasion.

It seemed to be one of those hush-hush orders, but after some three weeks of book burning, I tracked the matter down to Wendt who said the bar association had recommended destroying the discarded material," Mrs. Todd said.

WEATHER
FORECAST: Fair and warmer through Thursday. Low tonight 38-42. High Thursday 80-85.
Highest Yesterday Temp. 73
Lowest This Morning 37

Our Skies Tonight
Sunset today 7:43 p.m.
Sunrise tomorrow 4:23 a.m.
Moonset tonight 11:18 p.m.
First Quarter June 9
The planet Mercury is now almost directly between the Earth and the Sun. Its distance from us tonight is about 31 million miles; its distance from the Sun, about 43 million miles.

52 Left After Morning Round of Spelling Bee
Washington—(UPI)—Fifty-two determined, word-wise youngsters survived the morning competition in the 35th annual spelling bee today. By the time a recess was called for lunch, 18 of the original field of 70 had been eliminated.

At that point, six rounds had been completed and a total of 382 words had challenged the spelling skill of the contestants, according to Jaycee officials.

The first to stumble in the event was 13-year-old Janet Silverblatt of Coral Gables, Fla.

Janet, an eight-grader, left out the first "E" in "loneliest."

In round two, Mark Lloyd, 13, Dayton, Ohio, became the second casualty when he spelled "gravel" with two "A's."

The third youngster eliminated was Karen Corse, 13, Westvale, N.Y., who spelled "granary" as "grainery."

Other words missing during the morning included: desecrate, and intangible.

Republican Rally Urged in Drive To Defeat Brown

Kuchel To Face Richards in Run-Off

San Francisco—(UPI)—Republicans were called on today to rally behind Richard M. Nixon, winner of the GOP gubernatorial nomination, in his drive to defeat Gov. Edmund G. Brown next November.

The man who narrowly lost the presidency in 1960 turned back the challenge of state assemblyman Joseph Shell, a conservative, by about a 2-1 margin in yesterday's primary election. But Shell refused to endorse Nixon and said he would not accept a post in any Nixon cabinet.

In returns from 20,390 of the state's 31,312 precincts, Nixon had 679,256, Shell 360,952. Brown tallied 935,023, compared to the combined total of 154,722 for his three little-known opponents.

Miller Urges Unity
Republican National Chairman William E. Miller called on Shell to rally his supporters behind Nixon and insure "a smashing defeat of the Democratic incumbent."

In another spirited primary contest, U.S. Sen. Thomas H. Kuchel (R) won easy nomination and will face State Sen. Richard Richards (D) in the run-off in November.

Kuchel was leading his two conservative opponents by a better than 6-1 margin.

Congressmen Win
All 30 of California's incumbent congressmen—including two members of the John Birch Society—won renomination. The Birch members are Rep. John Rousselot (R) and Edgar W. Hiestand (R) of Los Angeles county.

Partisan nominees for eight new congressional districts also were selected. These resulted from California's booming population growth in the 1950-60 decade.

Nixon expressed confidence that California Republicans will rally behind him in the fight ahead.

Formidable Task
The 49-year-old former vice president faces a formidable task in the fall. But the rewards are great—control of a state which in 1963 will be the nation's most heavily populated, plus leadership of a potent political force in 1964 when the presidency once again will be at stake.

California's registration favors Democrats by almost 3-2. The Shell-Nixon results showed a definite cleavage in GOP ranks between conservatives and moderates—a split Nixon hopes to heal in the months ahead.

Rim Drive at Lake May Open June 15

The west rim drive at Crater Lake National park is expected to be open June 15, W. Ward Yeager, park superintendent, has announced.

Park crews did considerable spring road opening ahead of usual schedules, he said, but recently have encountered deeper than average snowpacks in the northern portion of the park, causing delays in snow removal progress.

A total of 556 inches of snow fell at the park headquarters during the winter, park officials said.

The north entrance road connecting with Highway 230 also is expected to be open June 15, Yeager said.

The east rim drive, from its junction with the north entrance road to rim village, is not expected to be open until about July 4, he said.

A total of 16,733 visited the park in May, Yeager said, an increase of 2 per cent over the number visiting the park in May a year ago. Motor vehicle use of the park last month increased 9 per cent over use a year ago.

NEWS BRIEFS

AIRLINE STRIKE DECLARED IMMINENT
Washington—(UPI)—The Flight Engineers International Association announced today that a strike by its members against Trans World Airlines is "imminent."

PUBLIC HEARINGS DUE IN ESTES CASE
Washington—(UPI)—Chairman John L. McClellan (D-Ark.) announced today that his Senate investigating subcommittee will open public hearings June 27 on the tangled Billie Estes case.

REPUBLICANS LOSE ANTI-SPENDING FIGHT
Washington—(UPI)—House Republicans today lost the first skirmish in an uphill fight to force the Kennedy administration to cut \$2 billion from its record high \$93 billion spending budget for next fiscal year.

EAST GERMAN POLICEMAN DEFECTS
Berlin—(UPI)—An East German policeman defected to the West before dawn today just a few hours after his fellow border guards shot and killed a refugee trying to escape across the East-West Berlin frontier.
