LOCAL ENTRY IN SHOOT—Henry Niedermeyer, above, is one of Medford Gun club's top shooters and will be among contenders this week end when the Oregon State trapshoot of the Pacific International Trapshooting Association is conducted at the local layout on East Vilas rd. west of Crater Lake highway. The shoot will run Friday, Saturday and Sunday, drawing gunners from a number of western states. Entry is anticipated at 400 shooters. The state event returns to the Medford club after four year's absence. Niedermeyer is a member of the PITA men's all-star trap team.

Germany To Have Unified Team in 1964 Olympics

By JOSEPH Y. SMITH
Moscow (AP)—With the "political" phase of the International Olympic committee's annual meeting practically disposed of, members get down today to more pertinent questions closer related to sports.

Tuesday the committee calmed socialist bloc nations' fears by confirming that a unified German team will represent that divided nation in the 1964 games in Austria and Japan; took steps to promote entry of a joint team from North and South Korea; and rejected a Soviet effort to expand the committee membership on a national basis.

The case of Germany, which has fielded a joint team from East and West Germany in the last four Olympics, was settled once and for all when IOC President Avery Brundage of Chicago assured the membership that "there will be a united East German-West German team, period."

Gets Top Priority
The German question received top priority after East German athletes failed to get visas to attend the international ski championships at Chamonix, France, and the international hockey championships at Colorado Springs, Colo., last winter.

ROSBURG QUALIFIES

Montclair, N.J. — (AP) — Bob Rosburg of Portland, Ore., was one of three professional golfers to qualify for the U.S. Open Golf tournament in competition here Tuesday.

PETERSON STEPS UP

Portland — (AP) — Don Peterson, basketball coach at Franklin High school the past four years, has been stepped up to supervising principal at Benson. Another P.I.L. coaching veteran, Marv Rasmussen, was moved up from vice-principal to principal at Benson.

Gerberman Gains Sixth Win in Row

United Press International
Pitcher George Gerberman of Wenatchee seems to be getting the hang of things.

Gerberman, who lost his first two Northwest League starts of the season, Tuesday night racked up his sixth in a row as Wenatchee topped Tri-City, 5-3.

Eugene topped Lewiston 5-3 and 3-2 and Salem edged Yakima 3-2 in their opener only to drop a 10-4 decision in the nightcap.

Gerberman spaced three Tri-City hits and the most damaging blow off him was a two-run homer by Adolph Suarez in the second. However, Danny Murphy and Nelson Matthews each hit two-run homers for Wenatchee and Frank DeMott hit a solo homer for all the Chiefs' markers.

Bill Kelso's two-run double in the seventh gave Salem its first game win over Yakima. However, the Bears came back with seven runs in the sixth inning of the nightcap to give the victory to Jerry Glynn. A three-run homer by Ethan Black was the big blow of the frame.

Bob Perez of Lewiston belted a three-run homer in the Lewiston-Eugene opener but Eugene scored the eventual winning run in the fifth. The Emeralds got but one earned run in the second game but got two gift markers and pitcher Ed Feldman made them stand up.

PSC Nicks Floridans

St. Joseph, Mo. — (AP) — Portland edged Florida A&M 2-1 in the opening game of the NAIA baseball tournament as Gordon Riese held the losers to four hits over the nine-inning route.

Riese gave up a run in the first inning on a double, infield out and an error, but he got tougher after that.

The Vikings got their first run in the opening frame when Bob Jones walked, took third on Dennis Heath's single and scored on a rundown play. The winning run came in the third on a double by Ken Kolb, Riese's single and a sacrifice fly.

Portland State met Sam Houston, Tex., State late today.

Land Board Signs Oil Drilling Lease

Salem — (AP) — The Oregon Land Board has formally signed a lease giving Superior Oil Co., Bakersfield, Calif., the go ahead to explore for oil on 874 acres in Marion and Lane counties.

It is the first lease of public lands under Oregon's 1961 oil code.

Signing of a lease approved for Humble Oil and Refining Co. of California—also for some state lands in Western Oregon—was delayed when it was learned Humble hasn't yet put up the required \$5,000 bond.

Last week Reserve Oil Co., San Francisco, began drilling a wildcat well southeast of here near Lebanon, but on private land. That is the only oil drilling operation now being conducted in Oregon by a major group.

A number of other leases for state lands have been approved by the land board, but not signed.

SWEET STATISTICS
Chicago — (AP) — The average American consumed 17.2 pounds of candy including 20 per cent more chocolate bars last year than in 1960, the National Confectioners' association reported today.

A past president's plaque was presented last week to City Manager Robert Duff at a meeting of the Pacific Northwest section of the American Water Works association in Seattle.

Duff was president of the organization in 1941 during the time he was Medford water superintendent.

Diamond Lake Stocking To Be of Native Trout

Portland — Diamond lake anglers will soon be taking a different race of rainbow trout than the one they've been catching each year since the lake was opened to angling following chemical treatment by the game commission in 1954.

This is the word from Chuck Campbell, chief of fisheries for the commission, who said that future stocking of Diamond lake will be made from native rainbow stocks developed from McKenzie and Deschutes river fish. Eventually, Campbell said, the native rainbow will replace the Kamloops rainbow which now populates the lake.

To set the stage for the gradual change-over, 150,000 fingerling rainbows from the game commission's Roaring River hatchery near Scio were released in Diamond lake two weeks ago followed by the plant of another 150,000 this past week from the Oak Springs hatchery on the Deschutes.

These youngsters will be appearing in the catch as 8 to 10 inchers by this fall. Campbell does not believe anglers will be able to tell the difference, though, between the native rainbow and the Canadian Kamloops since it is extremely difficult for even biologists to differentiate between the two.

The reason for the change-over is twofold, according to Campbell. First, the late spring spawning of the Kamloops rainbow found many fish in dark and undesirable condition from two to three weeks following the normal opening of the lake to anglers. Many fishermen voiced their disapproval of catching these spawning fish. Secondly, fishermen consistently voiced their disapproval of catching these spawning fish. Secondly, fishermen consistently voiced their disapproval of catching these spawning fish.

Campbell said, since it readily hits wet or dry flies. However, too many anglers are not proficient in this type of angling and are unable to take the Kamloops rainbow during most of the season on regular baits and lures.

To solve the problem and provide better angling for everyone, the game commission will test out two different races of fish, a late fall spawning rainbow developed from McKenzie brood stocks and an early spring spawner developed at the Oak Springs plant. The two lots of fish already stocked in the lake represent fish from each race.

Campbell believes these fish will produce eggs earlier in the season than do the present Kamloops stocks and over a short period of time. If this proves to be the case, the early spring spawners will be back in the lake and in fair to good condition when anglers move in on opening day.

There are mixed feelings about the change-over, Campbell said, with opposition coming mostly from fly anglers who like the aerial gymnastics of the Canadian rainbow. But most anglers have voiced approval of the change-over, said Campbell, and old timers who fished Diamond lake during its heyday insist the native rainbow will grow just as big if not bigger than its Canadian brother as well as being a better and more spectacular fighter.

Double Dee Bids High for Timber

Double Dee Lumber company, Central Point, was high bidder last week for 9,510,000 board feet of national forest timber in the Green Valley area, Applegate Ranger district, Rogue River National Forest.

Forest Supervisor C. E. Brown said the high bid totaled \$31,708, compared to the forest service appraised price for the timber of \$51,669.50.

Other bidders were Kogap Manufacturing company and Mountain Fir Lumber company.

The timber in the unit consisted of 3,580,000 board feet of Douglas fir, bid in at \$8.45 per thousand feet; 2,450,000 board feet of sugar pine, ponderosa pine, western white pine, bid in at \$6.45 per thousand and board feet; 77,000 board feet of Shasta red fir, bid in at \$4.50 per thousand board feet; 2,710,000 board feet of white fir and other species, bid in at \$3.45 per thousand board feet.

Eagle Point Man Enters Innocent Plea

James Dean Newby, route 1, box 72, Eagle Point, pleaded innocent yesterday to assault and battery charges.

District Court Judge L. L. Sawyer set his trial for June 12.

Newby is charged with assaulting June Newby June 4.

ON MAT CARD—Brown Panther, top, and Fuzzy (Cupid) Smith are two of the midget wrestlers who will see action on tomorrow night's wrestling card at Medford armory.

Panther pairs with Pancho Lopez and heavyweight Shag Thomas to meet Smith's partners, Irish Jackie and heavyweight Tito Kopa in the main event. Two other preliminary matches complete the card, starting at 8:30 p.m.
