

IS THERE SUCH A THING AS A SPECIAL LAXATIVE FOR WOMEN?

So many women are asking this important question.

The answer is—yes. A remarkable new medical discovery called Dioctyl Sodium Sulfosuccinate has now made possible a special new laxative for a woman's sensitive system. We call it Correctol®.

Correctol works two ways. First, its miracle ingredient takes advantage of the natural moisture in your system. Second, its mild laxative acts gently but most effectively. Working together, Correctol's two active ingredients give a woman more natural relief than any ordinary laxative can.

Correctol is recommended any time in a woman's life, even during and after pregnancy.

Try gentle, hospital-tested Correctol... bearing the Good Housekeeping Seal. Ask your druggist for Correctol.

Crash Landing!

By Ragna Eskil

The players form into two teams. Each player is given a balloon. The leader blows up his balloon, sits on it, and breaks it before the next player in his line may blow up his balloon. The team finishing first wins.

Thimble Toss

By Regina Sauro

Two or more children can play this game. Ask Mother to let you use a thimble from her sewing basket. You will need small dried beans or dried peas—as long as the beans are small enough to fit into the thimble. Five beans for each player are needed.

One player holds the thimble on a table. The other player tosses his beans, one at a time, into the thimble. He must stand two feet away from it.

For every bean that goes into the thimble, the player gets 10 points. The first player to reach 100 is the winner.
