They'll Do It Every Time

By Jimmy Hatlo

Try and Stop Me

By BENNETT CERF

AN IRASCIBLE MAESTRO once became so enraged at the way his charges were butchering a symphony in rehearsal that he fired the whole orchestra on the spot. "Please, please, Igor," pleaded the business manager, "consider the matter overnight before making such a drastic decision. Many of these men are irreplaceable." The maestro grudgingly agreed to the delay, but when he turned up the next morning he was angrier than ever. "To please you," he told the manager, "I got down on my knees and left the final decision to God. And God said, 'You're absolutely right, Igor. Fire the whole miserable lot of them!'"

A movie star whose costumes usually reveal abundant sections of her superb and well advertised anatomy, received this fan letter, written in a childish scrawl: "You are beautiful. Please send me your autograph and a photograph when you are not wearing 'too much.'"

The star sent the picture, but asked in an accompanying note: "Did you show your mother your letter before you mailed it to me, and how old are you, anyway?" The fan's reply was, "In answer to your first question, I did not. In answer to your second question, I am 34."

A lady shopper at a haberdashery selected a brightly hued pair of shorts as a birthday gift for her husband. "He'll like these," she predicted. "They're colored like a rainbow—and he certainly has the pot for them."

The length of time for car movements making left turns at the Riverside and Stewart aves. intersection has been made shorter, city officials have reported that the green arrows for left turn movements remained on about 12 seconds after the last car moved through the signal.
